AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fever, indeed for the whole class of diseases originating in biliary derangements, caused by the malaria of miasmatic countries.

NO one can say to whether each of the remedies of the Ague family is the best, and some may be found to suit. Such cases can rarely be other, will be speedily cured by one of the other. Ayer's Ague Cure will succeed, based on proof, that no matter can be found to resist it.

That which protects from or prevents the disorder should need no commendation. Ague and Fever is the most prevalent and dangerous disease of the Mississippi valley, and the Ague Cure is the only one that can be relied on to cure it, and give the sufferer a permanent protection against its return. The quantity we supply for a dollar brings it within the reach of everybody, and its delicious aromatic taste and its perfect safety to the most delicate invalid or child, and its entirely both for cure and protection, it is hoped that the public will see that it is for their interest to use well its the best. A great opportunity of this nature will never any other cure discovered for the speedy and sure cure of Intermittent Fever, Bilious Fever, and other miasmatic, consequently it produces no pain or other injurious effects, and may be taken by the most delicate or aged as healthy as if they had never had the disease.

Fever and Ague is and alone the foundation of the miasmatic poison. A great variety of disorders arise from its influence, among the most dangerous being, Gout, Headache, Rheumatism, Toothache, Earache, Colic, Asthma, Palpitation, Painful affection of the Spleen, Hypochondria, Low Spirits, Loss of Appetite, and Derangement of the Stomach, all of which, when originating in this cause, are cured by the use of this remedy. This Cure acts on the system from the blood, and consequently cures them all, which it can be found in the blood, and consequently cures the traveller or temporarily residing in the unhealthy districts. If taken occasionally, it will prevent the attack of intermittent, this will prevent from the system, and remain accumulate in sufficient quantity to ripen into fever. Before leaving the unhealthy district, take them once, and few will ever suffer from intermittents. If they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC

are accompanied that disease within the range of their action can rarely withstand its trade them. Their positive virtues are well known to many people, and in every portion of the Industrial Union, correct the disorders, and restoring the healthy vitality. As a family physic, its properties, being mild, safe, and based down with pain or stress, its ability is acknowledged to be the best, and its virtues are recognized by a society almost as simple and lasting.

Not only do they cure the ordinary complaints every body is liable to, more formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Dysentery, Indigestion, Liver and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints arising from a low state of the body or obstruction of its functions. They are an excellent alternative for the prevention of the blood and restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral.

For the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So widely is the field of its usefulness, and so numerous are the boons of its cure, that almost every section of country abounds in persons, publicly known, who have been relieved from alarming and dangerous diseases of the lungs by its use. When once tried, its superiority over every other medicine of this kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what medicine to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and have disappointed the expectations of those who have confidence in them, the Cherry Pectoral, by its unfailing cures, has established for itself the confidence of the public, and has become a household word in every town and village in the country. Its reputation is based on its own merits, and its cures are its best recommendation. Its extensive sale is due to the fact that it does what it is intended to do, and that the public know it. Its cures are so numerous, and so well known, that it is unnecessary to publish them in this place. Its agent will furnish you with our American Almanac, containing a full exposition of its cures, and the certificates of many of our most prominent citizens, that it cures Coughs, Colds, Bronchitis, Incipient Consumption, Hoarseness, Croup, and Bronchial Affections, and that it is a safe and reliable remedy for children. Let everybody have it.
