

```
eli::geom::surface  
::gaussian_curvature
```

```
graph LR; A["eli::geom::surface  
::gaussian_curvature"] --> B["eli::geom::surface  
::internal::calculate  
_surface_terms"]
```

A diagram showing a function call. On the left, a grey rectangular box contains the text `eli::geom::surface` and `::gaussian_curvature`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `eli::geom::surface`, `::internal::calculate`, and `_surface_terms` on three lines.

```
eli::geom::surface  
::internal::calculate  
_surface_terms
```
