A decree rendered by the Imperial Court of Dijon, on the 17th August, 1854, has established, from the report presented by Messrs. Cavalier and O Herly, Assessors of the Academy of Sciences, and Mr. Lassaigne, Professor of Chemistry at the Alfort School, experts designated by the Court to analyze "That the Blood of Guillié, as prepared by Paul Gage, is a perfected Remedy, always regular in its action; that it is not a mere remedy, and that its use should be authorized."

ELIXIR OF DOCTOR GUILLIÉ, the only genuine, prepared by PAUL GAGE,

Paris, No 15, Carrefour-Saint-Germain-l'Auxerrois.

Asthma, Catarrh, Whooping-Cough, Cold, Consumption, Inflammation of the Chest, &c.—These diseases result from an accumulation in the tissue of the lungs, of the blood and lymphatic vessels; it is glairy, viscous, thick matter, which has oppressed in the lungs after an inflammation. The tracheal artery is obstructed, no dilatation of the lungs can take place, breathing becomes impossible. Nature endeavors to get rid of this glairy humor by fits of convulsive coughing, and the sufferer dies by asphyxia, if the *Elixir* is not hastily called upon to supply the power less efforts of nature.

Apoplexy, Paralysis.—The brain is crossed by a great number of blood and lymphatic vessels; it is coated with a mucous membrane, which secretes a glairy humor, in order to keep that organ in a proper humidity. Let, through any cause whatsoever, a light inflammation set on either the blood or lymphatic vessels, or the mucous membrane, and consequently the glairy humor be secreted more abundant than it should be, there follows an effusion of this very humor in the brain, and at once Apoplexy and Paralysis.

One only means exists to prevent such an accident, it is to use Guillié's Elixir before, during and after the effusion, to prevent it, and to prevent a recurrence by a powerful derivation on the intestinal tube, if it has taken place.

Bile, Bilious Diseases, Yellow Fever, Jaundice, Indigestion, Cholera Morbus, &c.—When the liver has become the seat of a violent inflammation, this inflammation spreads to the tube, the stomach and the intestines, through an effusion of bile, which is an irritant.

The Vegetable Substances contained in this Purgative have been selected and combined with great care according to new principles of Medicine. **Taken and Digested at the same time as the best food and the most wholesome beverage** (the Purgative Pills are taken at night, after the most convenient hour and meal, so as not to lose a SINGLE business and avoid the annoying inconvenience of a purgative during the day), these Purgative Pills have received **DEHAUTE'S PILLES** very popular in France. They are an invaluable agent against the constipation. As a mere Purgative, they are superior to all others, as Pills, they are the only one that can be taken without the disgust attendant on all other purgatives, and without any change in the habits of life, or any interruption of business.

Humors, Gastritis, &c. &c., because the wholesome food which the sick man takes at the same time will assimilate the organs to healthiness, and the action of the purgative will carry off the morbid matter. **PILES** of 24 francs and 5 francs, at M.
