

```
eli::geom::curve::piecewise  
_ellipse_creator::set_y  
_axis_radius
```

A diagram showing a call to the `set_y_axis_radius` method on a `piecewise_ellipse_creator` object. The call is represented by a grey box on the left containing the code `eli::geom::curve::piecewise_ellipse_creator::set_y_axis_radius`. A blue arrow points from this box to a white box on the right, which contains the code `eli::geom::curve::piecewise_ellipse_creator_base::set_y_radius`, representing the base class method being called.

```
eli::geom::curve::piecewise  
_ellipse_creator_base::set  
_y_radius
```
