QUALITY and RELIABILITY ARE ALWAYS RECOGNIZED...

PC MAGAZINE **May 30, 1989**
"PC Labs tested 104 computers from 58 companies"

"Hertz Computer... reliability and quality are its sales tools... the machines exemplify the company's commitment to engineering dependable systems... they are the ones to look at if your priorities are dependability and reliability..."

INFO WORLD **November 14, 1988**
"InfoWorld looks at the eight fastest 386 machines"

"The Hertz 386/25 is a rugged desktop computer... extra thought went into the design... it passed our software and hardware test suites with flying colors... good value... excellent performance... well-trained support staff."
