## **IBM Series/1 Event Driven Executive Program Preparation Facility (5719-XX6)**

The IBM Series/1 Event Driven Executive Program Preparation Facility (5719-XX6) provides the means to develop application programs that operate in the environment provided by the IBM Series/1 Event Driven Executive Basic Supervisor and Emulator (5719-XS5) or the IBM Series/1 Event Driven Executive Version 5 for the Series/1 System Unit (5719-XJ5) licensed program.

The Event Driven Executive Program Preparation Facility consists of a compiler and a listing program for application programs written in the Event Driven Language.

The Event Driven Executive Program Preparation Facility also contains program development utilities for Series/1 application development. These programs are independent load modules that can run concurrently with application programs in the environment provided by the IBM Series/1 Event Driven Executive Basic Supervisor and Emulator (5719-XS5) or the IBM Series/1 Event Driven Executive Version 5 for the Series/1 System Unit (5719-XJ5).

Storage requirements for the individual utilities range from 6K bytes to 29K bytes. There must be enough disk or diskette space available for work areas and application program data files.

### **Specified Operating Environment**

#### **Machine Requirements**

For preparation and assembly of programs on a Series/1, the minimum requirements are:

- 4952, 4954, 4955 (except Models A and C), or 4956 Processor with 128K bytes of storage
- 4964, 4965, or IDSK Diskette Unit, or 4966 Diskette Magazine Unit
- 4962, DDSK, or IDSK Disk Storage Unit, or 4963 or 4967 Disk Subsystem
- One of the following:
  - 4978, 4979, or 4980 Display Station
  - 3101, 3161, 3163, or 3164 Display Terminal or equivalent teletypewriter device.
  - IBM Personal Computer monochrome display (5151) or color display (5153) if the Event Driven Executive Program Preparation Facility is used in conjunction with the IBM Series/1 Event Driven Executive Version 5 for the Series/1 System Unit (5719-XJ5).

## **Programming Requirements**

The operating environment for the IBM Series/1 Event Driven Executive Program Preparation Facility (5719-XX6) is provided by either the IBM Series/1 Event Driven Executive Basic Supervisor and Emulator (5719-XS5) or the IBM Series/1 Event Driven Executive Version 5 for the Series/1 System Unit (5719-XJ5) licensed program.

## **Licensed Program Materials Availability**

Restricted materials — Yes. This licensed program is available with source licensed program materials for some modules designated as "RESTRICTED MATERIALS OF IBM." In addition, some modules are available without source licensed program materials. These modules are available in object code.

## **Supplemental Terms**

### **Testing Period**

The testing period for the Basic License is one month.

### **Installation/Location License**

Not applicable. A separate license is required for each machine on which the licensed program will be used.

### **Usage License**

Not applicable.

### **Type/Duration of Program Services**

Central Service, until discontinued by IBM with a minimum of six months written notice.

## **Warranty**

The IBM Series/1 Event Driven Executive Program Preparation Facility (5719-XX6) licensed program will conform, when shipped to the Customer, to its Licensed Program Specifications which are in effect for it at that time, provided it is properly used in a Specified Operating Environment. If the Customer believes there is a defect in the program such that it does not meet its Licensed Program Specifications, the Customer must notify IBM while Program Services are available for the program. IBM does not warrant that the functions contained in the program will meet the Customer's requirements or will operate in the combinations which may be selected for use by the Customer, or that the operation of the program will be uninterrupted or error free or that all program defects will be corrected.

THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Licensed Program Specifications may be updated from time to time and such updates may constitute a change in specifications.

For Distributed Systems License Option (DSLO) Licenses, warranty service, if any, will be provided only through the Basic License location.

Following the discontinuance of all program services, the program will be distributed on an "As Is" basis without warranty of any kind either express or implied.
