Monochrome Monitors
12" Amber Monitors – Models MA2565/MA2675

An economical monitor perfect for text-based applications in the office, school or home. The black, non-glare screen displays crisp, clean type for working hours without fatigue.

Sharp 720 x 350 resolution and amber screen supports text and graphics applications. Compatible with Hercules® and MDA and displays 80 columns x 25 rows.

Easy to reach screen controls and a standard tilt-swivel base for easy viewing adjustments.

A flat non-glare 12" screen in the MA2675 enhances contrast and prevents distortion in far corners of the screen.
Monochrome Monitors
14" Flat Screen Monitors – Models MZ4571/MZ4575

An affordable monitor for text and spreadsheet applications requiring 132 column display and MCGA graphics. The flat 14" non-glare screen displays razor-sharp text.

Crisp, dual-mode 720 x 350 resolution is ideal for graphics applications. Supports CGA, Hercules and MDA and displays up to 132 columns and 44 rows of text.

Convenient front-mounted controls and a standard tilt-swivel base for easy viewing adjustments.

The flat 14" screen enhances contrast and prevents distortion in the far corners of the screen; your choice of white (MZ4571) or amber (MZ4575) tints.
