How do you take pictures?

It's easy to be amazing with the Paint Shop family of digital photography software. Whether you're a casual photographer who takes a lot of snapshots or a photo enthusiast, here you'll find what you need to make the most of your digital photos.

COREL®

If you are a casual snapshooter and

- Take a lot of pictures of friends and family
- Would like to create scrapbooks, calendars, and greeting cards,
- Need an easy way to manage & share my photos
- Want an easy way to protect your pictures so you have them forever

Then **Corel Photo Album 6 - Deluxe Edition** is for you!

If you are a photo enthusiast and

- Want to get the best picture possible
- Experiment with the settings on your camera to get the best results
- Want to choose between automatic fixes and fine-tune adjustments
- Need an easy way to turn my pictures into professional-looking photos fast

Then **Paint Shop Pro X** is for you!
