

El placer de cautivar y crear nuevos mercados

Smarter Commerce

Construyendo un negocio centrado en el cliente
Nuevos Desafíos Comerciales

*Marcelo Cabane, Director @marcelo412
Industry Solutions Division Latin America, Software Group*

Los CMOs no se consideran preparados para el volumen de complejidad al que se enfrentarán

En los próximos 5 años

79%

Espera alta complejidad

48%

Siente no estar preparado

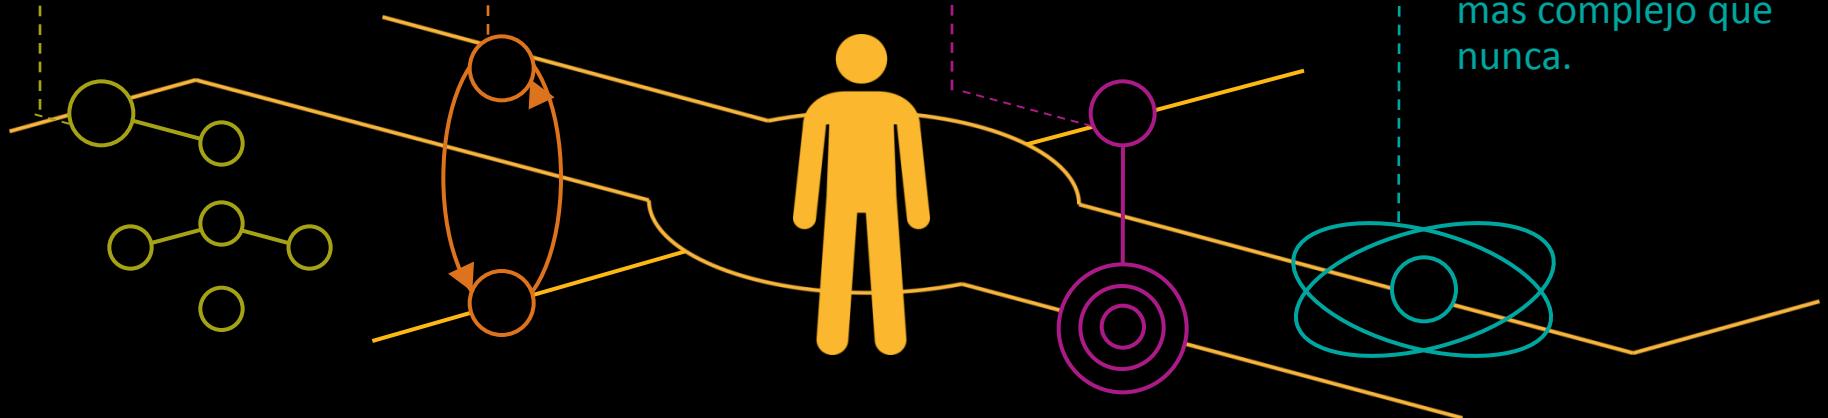

La mayoría de CMOs no están preparados para gestionar el impacto de los cambios clave del mercado

Source: Q8 How prepared are you to manage the impact of the top 5 market factors that will have the most impact on your marketing organization over the next 3 to 5 years?
n=149 to 1141 (n = number of respondents who selected the factor as important)

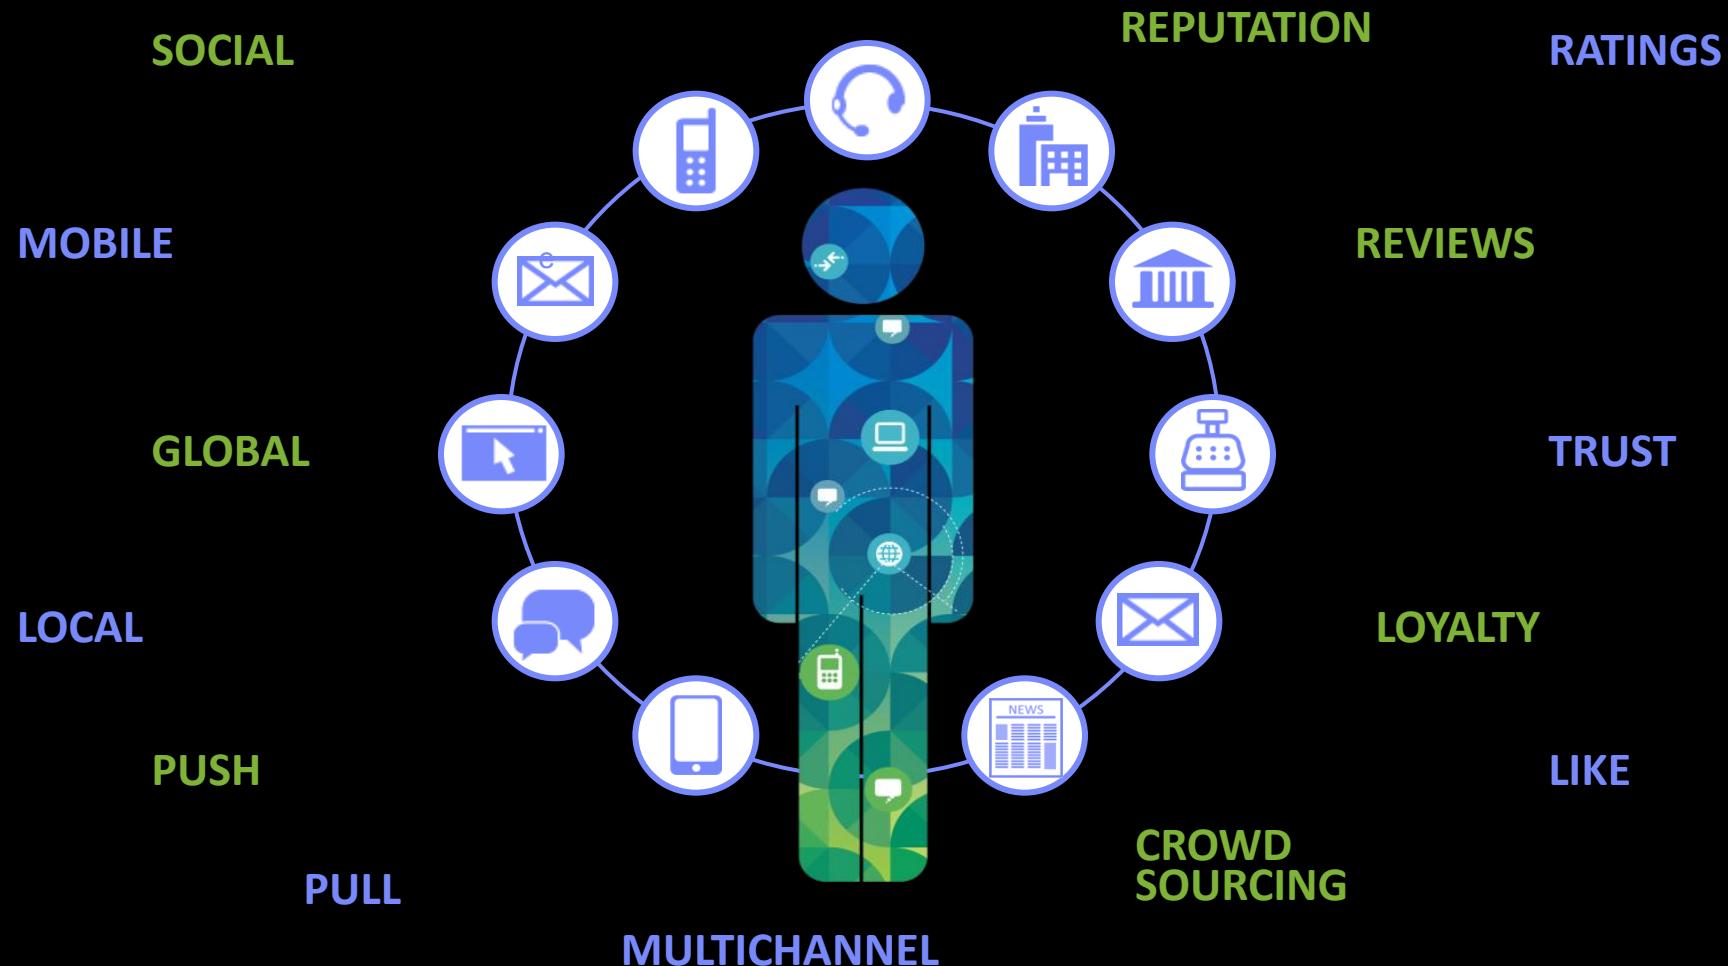

- Los clientes tienen acceso ilimitado a informacion y la pueden **compartir instantaneamente** con el mundo.
- Redes sociales y los dispositivos moviles han cambiado dramaticamente **la dinamica entre comprador y vendedor**.
- Las **expectativas** de servicio, precio y entrega continuan elevandose.
- Esto esta cambiando la forma en como los productos son obtenidos, manufacturados y distribuidos, haciendo el negocio **mas complejo que nunca**.

El comercio se está reconfigurando.

Las marcas no están en control

IBM

Los Consumidores obtienen diferente valor en contacto: están deconstruyendo el proceso de compra

Entender como los visitantes interactuan con el sitio web

“Cómo puedo conseguir más órdenes?”

Marketing tiene que asumir un rol central en un entorno más inteligente

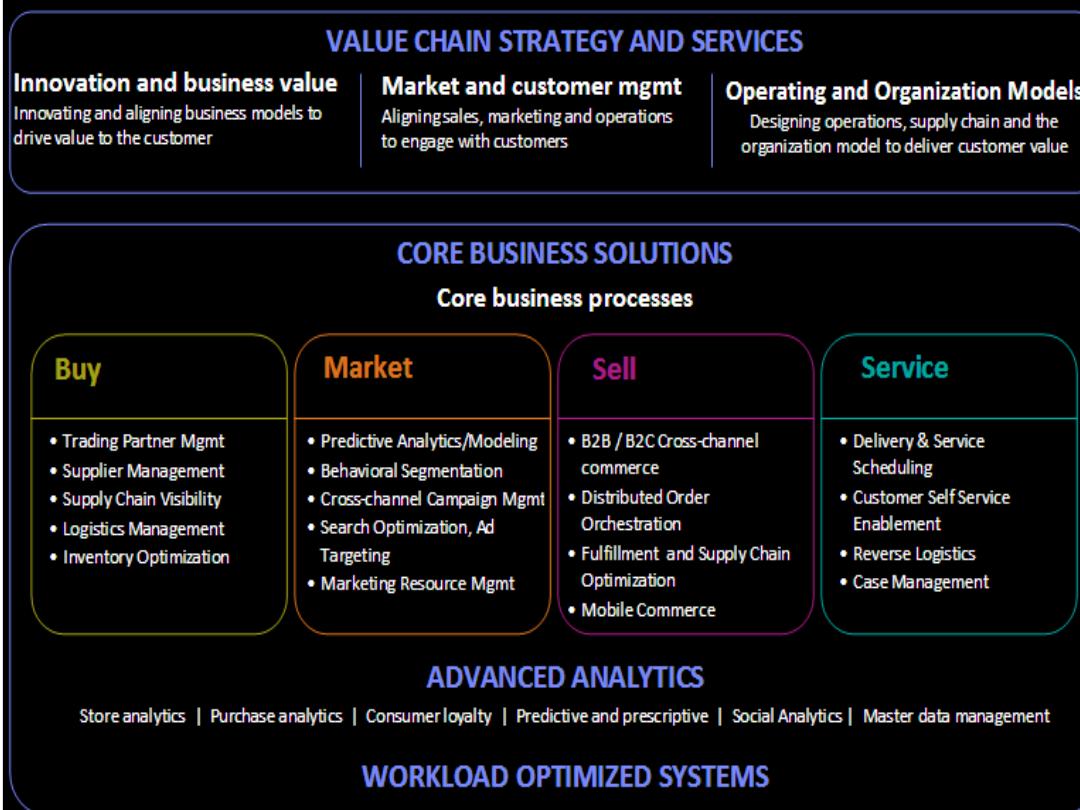

- Smarter Commerce es una estrategia y metodología que ubica **al cliente** en el centro de sus operaciones de negocio
 - Le ayuda a mejorar la **compra, mercadeo, venta y servicio** de su oferta
 - Le permite **incrementar margen, mejores oportunidades y nuevas ventas**
 - Incrementa eficiencia e identifica **oportunidades en cada estado** del ciclo de comercio.
 - Sincroniza **la cadena de valor** para obtener mejores resultados
- 

Que es IBM Smarter Commerce?

Smarter Commerce Agenda es la nueva metodología que transforma la velocidad en la cuales las empresas dirigen y adaptan sus procesos de compras, mercadeo, ventas y servicios colocando al cliente en el centro de las decisiones y acciones. Lleva a las empresas a nuevos niveles de liderazgo en diferenciación, lealtad de cliente, crecimiento de margen y facturación, y agilidad.

La metodología de IBM con Smarter Commerce es abarcativa, integrada, enfocada en resultados y flexible. Ayudamos a las empresas a:

- ✓ Entender y anticipar la conducta de los clientes basada en las informaciones obtenidas en todos los canales.
- ✓ Adaptar sus servicios de provisión y compra de bienes, basados en demanda y optimizando las interacciones con los proveedores en entornos complejos
- ✓ Mercadear, Ofrecer, Vender y Entregar el producto y servicios adecuados, al precio justo, en el lugar y hora indicados
- ✓ Dar servicio sin interrupción, predecir y dirigir la lealtad de clientes;

El placer de cautivar y crear nuevos mercados

Gracias
