

BusinessConnect and SolutionsConnect

It's time to make bold moves.

Hopelessly devoted to

you:

increasing customer retention,
profitability and loyalty with big
data and analytics.

The timeless responsibilities of marketers...

A man in a purple shirt is sitting at a desk, looking thoughtful with his hand to his chin. The background is a blurred office setting with large windows.

Knowing the customer.

Defining what to market and how to market it.

Protecting the brand promise.

Today's customer puts businesses to the test

78%

of consumers trust peer recommendations

86%

use multiple channels

75%

do not believe companies tell the truth in ads

4 in 10

Smart phone users search for an item in a store

58%

are more price-conscious today than they were a year ago

80%

of CEOs think they deliver a superior customer experience

8%

of their customers agree

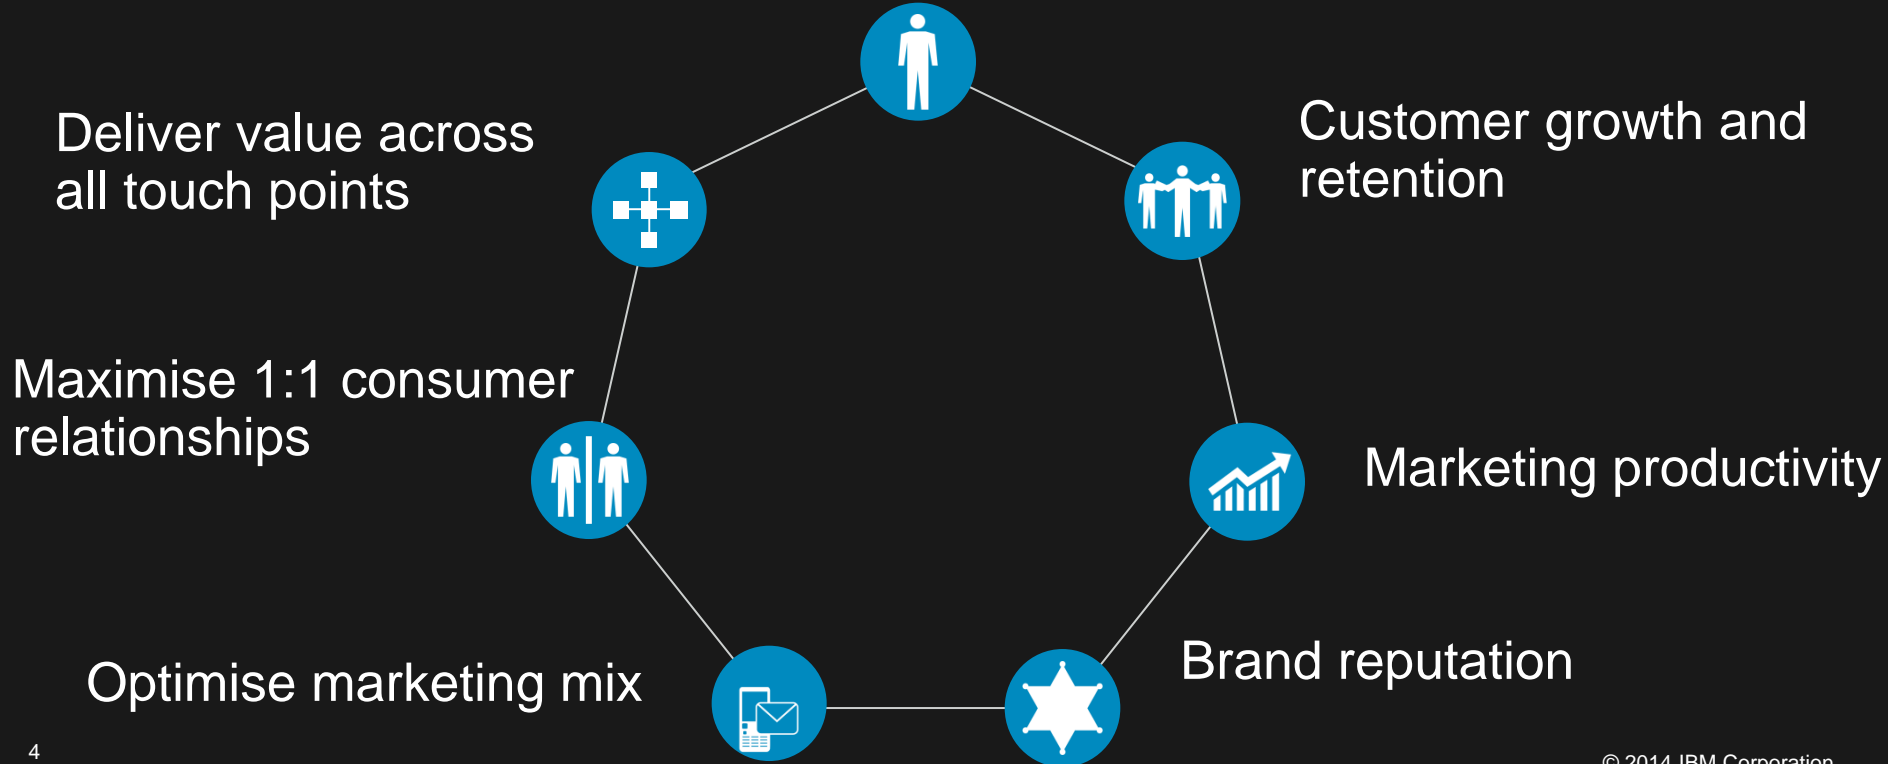

4-5x

more than average is spent by multi-channel buyers

Despite changes, imperatives remain constant

360 Degree View of the Customer

Techniques companies can employ today

Many options exist to find a way to improve performance

Here are some examples:

Reorg

More people =
better results

Squeeze more
from operations

Technology

However, the best approach utilizes technology

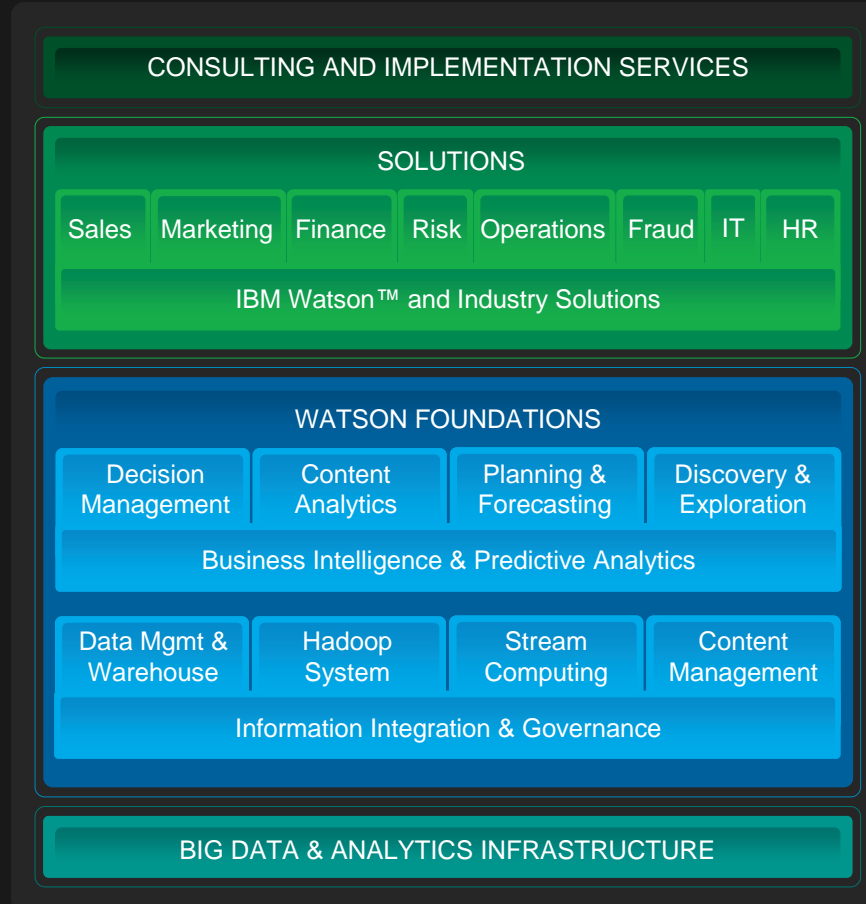

Leading marketers:

1. Make more informed marketing investments with greater returns
2. Engage with customers in personalised way
3. Automate, deliver, guide & measure impact of marketing actions across all channels

But as a company – what do I need and how can I make it work together?

IBM Big Data & Analytics brings it together

With the intent to deliver deeper relationships

RETENTION

PROFITABILITY

ACQUISITION

How can this be done?

Adding value at every point of impact

....*Each decision, interaction & process*

Rating

These were a gift and have been great! However, I had trouble using them in a noisy environment.

VTX - ViewMaster

Rating

The picture quality on this television is incredible! I would definitely recommend this to others!
