

# IBM Smarter Care and Social Programs Overview of 2014 Industry Events

## IBM Cúram Research Institute Roundtables

### **IBM Cúram Research Institute Roundtable Series: A series of Health and Social Programs themed roundtables being run throughout the year, around the world**

In 2013 the IBM Cúram Research Institute announced a Global Roundtable Series. The Roundtable Series brings together social and health care decision makers and experts from around the world in an intimate setting to discuss the transformation of social and health programs. Building on the 2013 program in Australia, Singapore, Germany and Finland, the 2014 program will focus on a series of emerging social and health policy issues around Smarter Care, Employment, Disability and Pension reforms.

## International Social Sector Forum

### **International Social Sector Forum: Charting a New Course – Imperatives for Social Security in 2014: 2–4 June, Vienna, Austria**

ISSF 2014 is the latest in a successful series of IBM international forums which started in Tokyo in 2004 and which has included subsequent events in Japan, Europe and the United States. The ISSF series is designed to add value to the social security and social services ecosystem by providing an opportunity for industry leaders to share information, debate issues and network with peers. IBM's ISSF 2014 symposium provides senior leaders a venue to explore and share ideas, innovative approaches, lessons learnt and success stories around improving service delivery, leveraging maturing technology solutions, Big Data and new platforms for collaboration.

## IBM Health & Social Programs Summit

### **IBM Health and Social Programs Summit: 19-22 October, Washington, D.C., United States**

The Summit convenes a network of thought leaders, industry experts and practitioners from around the world to discuss and compare best practices and leading technology innovations in the fields of Health and Social Programs.

Building on real implementations and experiences the forum is structured to foster the exchange of ideas and inspiration. Participants will benefit from an expanded peer network and new viewpoints on the business challenges of improving social programs and healthcare delivery, the impact of starting the transformation journey well and how better health, social and economic outcomes are being achieved.
