

A Business Partner Solution for the Distribution Sector

A Full Suite of Automation Solutions for the Import/Export/Domestic Forwarding Industry

FDS International, Inc. CargoTrac

Business Challenge

Success in the freight-forwarding and customs-house brokerage industries hinges upon effective automation solutions. In these industries, automation is an ongoing process and one must be certain to select a vendor who is prepared to meet the challenges of evolving business methodologies, as well as a rapidly changing regulatory environment.

Solution Description

Serving the Transportation Logistics industry since 1977, the strengths of FDS International's products can be used within your organization regardless of size, specialty or location. FDS International's fully integrated suite of products includes:

- Customs House Brokerage
- Import Deconsolidation
- Air and Ocean Export
- NVOCC Export
- Domestic Forwarding
- Logistics Management
- Warehousing
- Integrated Financial System (Billing, AR, AP, GL)
- Automated Manifest System (AMS)
- Web-Enabled Solutions
- Internet Tracing and Tracking

Our well-known and well-established client base ranges from small to mid-size Customs House brokers and International/Domestic freight forwarders to some of the largest and most prominent transportation companies in the industry today.

Value Proposition

Significantly enhancing your operations, sales and accounting, with Door-to-Door Logistics Management, FDS International's integrated suite of software modules provides cost-effective solutions to the freight industry, while adhering to your way of doing business. Totally integrated operations, accounting, sales, management, communications and customer service create a streamlined work flow, increases in efficiency, and ease of statistical/financial reporting.
