

Using public transportation in the Zurich area

You can find information about public transportation around Zurich at the ZVV website (http://www.zvv.ch/_tourist_e/default.asp). Please make sure you have a valid ticket before you board a train, tram or bus. You can get these tickets from ticket vending machines, or from ticket counters at the Zurich Airport and Zurich HB. (On buses with 3-digit numbers you can buy a ticket from the driver if there is no ticket machine at the bus stop). It is not possible to purchase tickets on S-Bahn trains (S2, S8, S24, designated by a yellow eye ) , but conductors check tickets on a random basis. You will be fined 80 CHF (plus the ticket) if you are caught travelling without a valid ticket—no exceptions made for foreigners.

To use the blue ticket vending machines, you have to enter the zipcode of your destination. These machines take only coins and 20 CHF notes, and they give change.

Ticket to	Zipcode	Cost from the airport	Cost from Zurich HB
Horgen	8810	9.60 CHF	7.80 CHF
Rüschlikon	8803	7.80 CHF	6.00 CHF

(Prices are set to rise slightly in December 2008).

Timetables for public transportation for all of Switzerland can be found here: <http://www.sbb.ch/>.

Here you can either wait for the bus (the bus stop will be on your left), or continue walking up the hill via Vordergasse (a small street just before the bus stop). Cross Alte Landstrasse and continue up Burain lane. Take the right-hand fork as you get close to the top. Continue along the path and up the steps to reach Säumerstrasse, turn right and continue to the IBM site.
