## Downloading Innovation Center Data Models

### Download the data model

To download this *Performance Blueprint* data model, you must be an IBM Cognos Innovation Center member. Innovation Center membership is available at no additional charge to existing IBM customers and business partners.

The *Blueprint* data model is supported by evaluation guides, installation instructions and online demos. These documents and demos are available to anyone for download.

### How to become a member

Click the Join now! link to access the IBM Cognos Innovation Center membership form. After you fill out the form and submit it, you will begin enjoying the full benefits of being a member and you'll be able to download the data model for this *Blueprint*.

### Forgot your password?

If you are already a member but you have forgotten your password, e-mail us at [cicpm@us.ibm.com](mailto:cicpm@us.ibm.com) and we will send you your username and password.

### Join now!

### Benefits of membership

With a membership, you can download *Blueprints* at no charge and start using them to achieve better business results. You also receive:

- Invitations to attend exclusive Innovation Center events such as Innovation Roundtables and the Customer Advisory Board
- Access to exclusive microsite content such as event proceedings, web seminars and white papers
- Access to the Innovation Center community of customers
- Advocacy/partnership with IBM Cognos software developers and experts that includes invitations to participate in beta programs or influence technology enhancements

### About IBM Cognos Performance Blueprints

*IBM Cognos Performance Blueprints* provide the means for rapidly extending proven best practices in performance management throughout your company and forging more effective, dynamic

connections between strategy and execution. Developed in collaboration with top-performing customers and performance management experts, *IBM Cognos Performance Blueprints* are pre-defined data, process and policy models that address a number of essential functional process areas and the unique needs of specific industries. With *IBM Cognos Performance Blueprints*, you can:

- **Coordinate** financial and operational planning.
- **Improve** forecast reliability and resource allocations.
- **Deploy** an integrated, dynamic planning process quickly.
- **Streamline** project implementation schedules and reduce risk.
- **Reduce** the total cost of ownership.
- **Support** the alignment of strategic objectives, operational plans, people and activities as business conditions change.

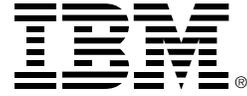

**About IBM Cognos BI  
and Performance Management:**

IBM Cognos business intelligence (BI) and performance management solutions deliver world-leading enterprise planning, consolidation and BI software, support and services to help companies plan, understand and manage financial and operational performance. IBM Cognos solutions bring together technology, analytical applications, best practices, and a broad network of partners to give customers an open, adaptive and complete performance solution. Over 23,000 customers in more than 135 countries around the world choose IBM Cognos solutions.
