

Three Benefits of Employee Lifecycle Management

According to Aberdeen's Human Capital Management (HCM) research, organizations that digitize employee information and invest in document management solutions are better able to lift the administrative burden placed on HR, centralize all employee information and improve the way they operate.

50%
of organizations are digitizing forms

30%
plan to do so in the next few years

Greater Efficiency

Employees spend
2 hours
less looking for information...

...and can capture documents
1.4 minutes
faster

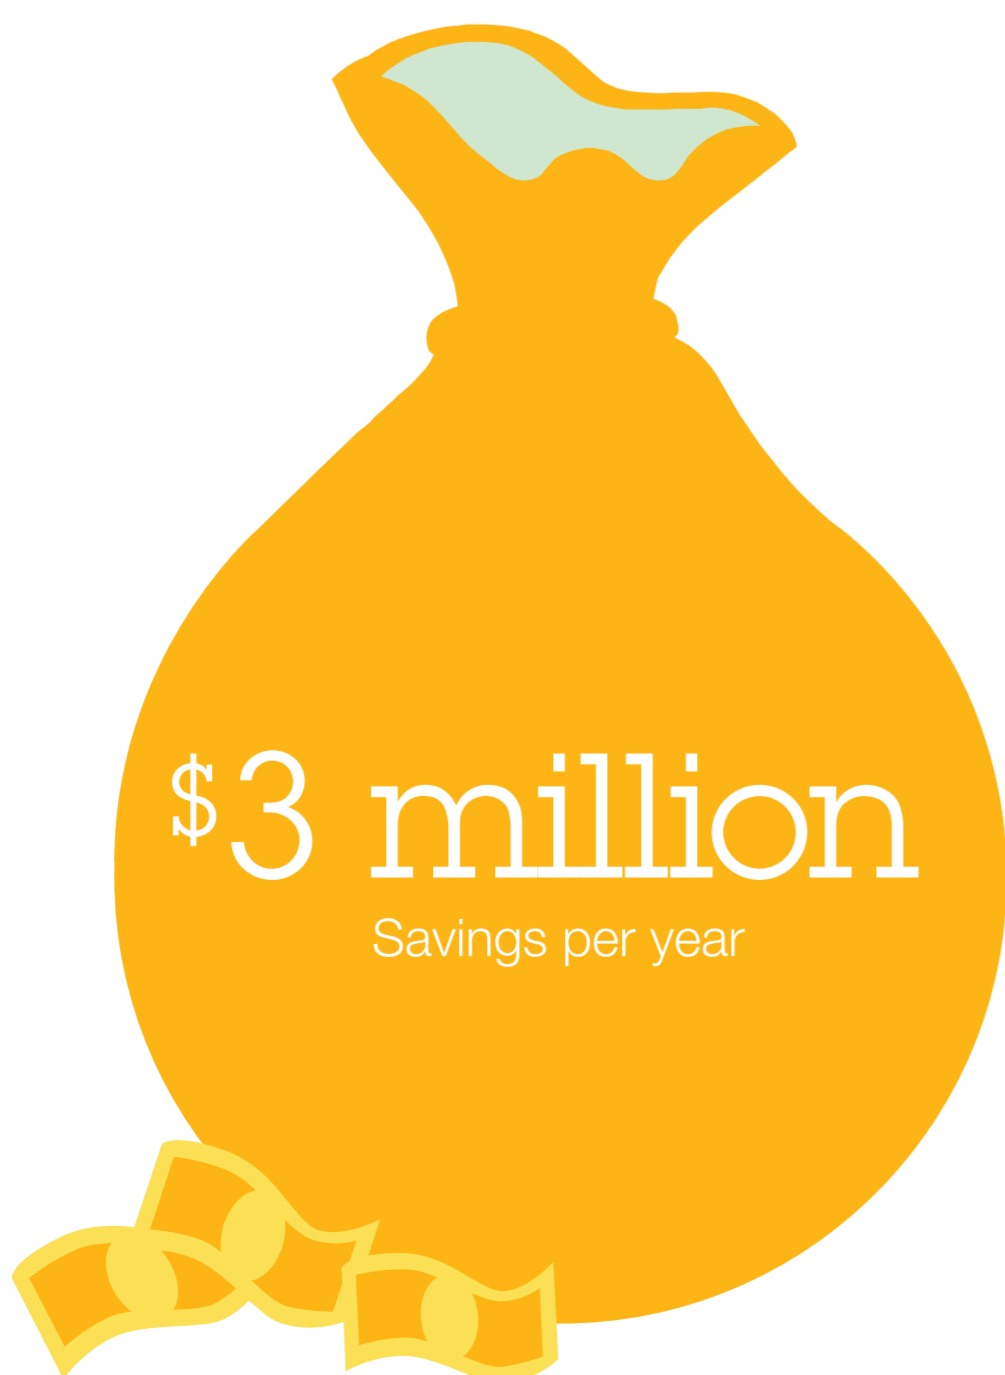

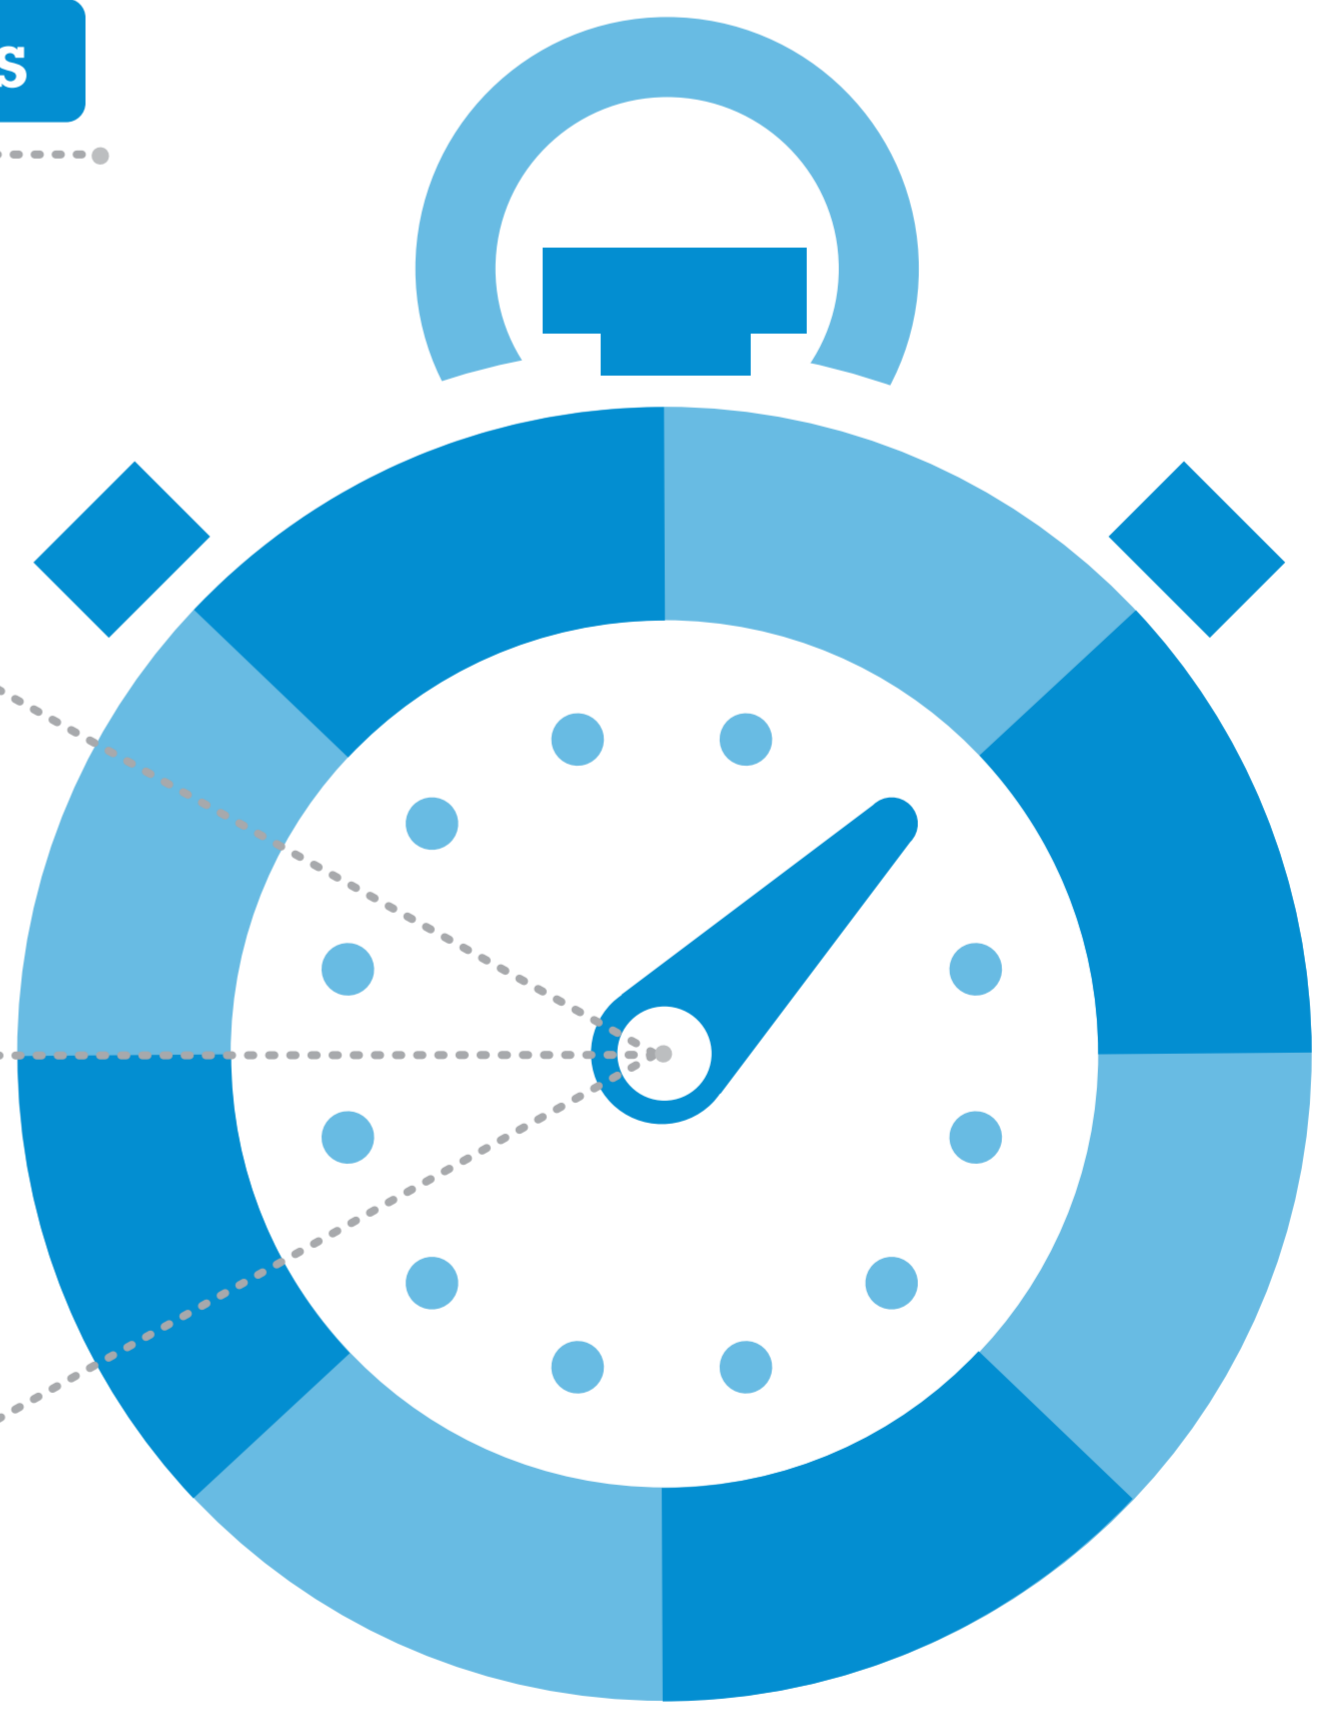

2

Time Savings

13%
Improvement in ability
to access information

10%
Improvement in
time-to-information

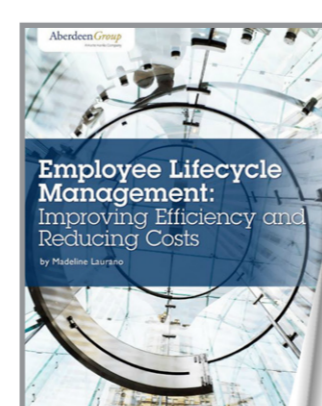

9%
Improvement in
time-to-decision

3

Cost Savings

Companies save
up to \$3 million a year.
