Document Imaging and Capture at Information On Demand 2013

Why choose Doc Imaging and Capture:

Whether you are in IT, Operations or Finance, the Document Imaging and Capture track in the ECM Forum will provide you with tools to save money, improve your business results and enhance customer engagement.

As unstructured content grows exponentially, you need proven ways to harness capture, manage, and collaborate with content and automate business processes. IBM ECM offers essential capabilities for production imaging, intelligent capture, enterprise report management, document management, and content consolidation.

Listen to these customer speakers:

New York Life: will discuss business empowerment through Enterprise Intelligent Capture using IBM Datacap.

Union Bank: will talk about how to implement time and production efficiencies using IBM Datacap.

Coca-Cola: shares most company's mantra - time is money and will discuss process improvements with IBM Datacap.

Meet 1:1 with IBM Executives:

Take advantage of a unique opportunity to meet 1:1 with IBM executives, such as Doug Hunt, subject matter experts and innovative IBM Business Partners.

Talk strategy with ECM business leaders, such as Scott Blau, Brent Bussell, Brian Phelps, and Rick Gawronski. Or take a deep dive into Doc Imaging and Capture with experts from our product and technical teams, including Tom Stuart, Ben Antin, Jim Reimer, Bud Paton and Noel Kropf. Don't miss out!

Ask your Sales Rep or Business Partner to book a meeting.
