The case is your business objective

It could be:

- Customer, Patient, Citizen, Employee, Student
- Product, Service, Offering, Solution
- Process, Investigation, Incident

**A case varies depending on the industry
and organization**

How do people work?

They do common things:

- Gather facts
- Assemble materials
- Apply knowledge
- Get help from experts
- Make decisions
- Complete tasks
- Record job completed

Common Obstacles

- No easy way to bring together content, data, paper, video, social media
- Multiple systems and multiple screens to apply analytics, collaborate, workflow, actions
- Systems are confined to one way of doing things
- Difficult to record all data, content and events for audit and compliance
