## Highlights

---

- *Take a \$10 online assessment and receive a 50% off certification voucher*
- *Prepare for your Information Management Professional Certification exam and save*
- *Demonstrate your expertise and improve your business' performance with an IBM Professional Certification*

IBM Professional Certification is the way to demonstrate your expertise to the world as a skilled IT professional. You can validate your skills and demonstrate your proficiency in the latest IBM technologies and solutions.

### **Demonstrate your expertise**

Now is the time to differentiate yourself with IBM Professional Certification. In these challenging economic times, we are introducing an easier way for you to become an IBM Certified Professional and add up your savings with the Assess and Save Offer!

### **Step 1: Assess your skills**

Assess your skills today with an Information Management Online Assessment test. Once you pass, you will automatically receive a 50% off certification voucher good for the corresponding exam. That's a savings of \$100 USD!

### **Offering Period:**

March 1, 2011 - May 31, 2011

### **Redemption Period:**

March 1, 2011 - July 31, 2011

### **Step 2: Study with online tools**

To ensure success on exam day, take advantage of a variety of IBM offered online study tools. Tutorials, roadmaps and prep guides will help you deepen your knowledge and accelerate your preparation.
