

InfoSphere Optim Install

*A fixed scope installation engagement
based on proven methods & practices*

Highlights:

- Leverage repeatable, proven processes and standard collateral to reduce costs and project risks
- Accelerate the time to value and return on investment with the knowledge and proven practices brought by our implementation experts
- Validate the installation with a very basic configuration

The InfoSphere Optim Install service provides the expert resources to install InfoSphere Optim software in a Linux, Unix or Windows environment for one system. It also provides hands-on assistance to address questions, recap key issues covered in formal training classes, and to confirm that your systems and resources are ready to begin applying the knowledge gained in class to your business needs and operational requirements.

Key activities

1. Understanding the client environment

- Review the service description

2. Environment review using “Environment Prerequisite Checklist”

- Review the Optim pre-installation checklist
- Review the Optim Configuration Guide

3. Software installation

- Install Optim Workstation on a Windows system
- Install Optim server in one distributed environment (Linux, Unix or Windows)
- Install Open Data Manager
- Validate the installation

4. Perform post installation configuration

- Provide a step-by-step InfoSphere Optim Install Guide

5. System administration hand-off

6. Demonstrate the system

7. Project completion

- Provide the Install Package Completion Checklist

Deliverables

- Step-by-Step Installation Guide
- Install Package Completion Checklist

Your independence is our greatest success

Nothing is more important than transferring IBM expert knowledge to your organization. This provides long-term self-sufficiency through a mentored approach.

Engage today

With a world-wide team of highly trained professionals, the IBM Information Management Software Services team can help build your solution with confidence while assuring that the business needs and expectations of your organization are met.
