Java™ on System z®?
Naturally.

Two pervasive technologies...

there are
9 million
Java developers

80%
of the world's corporate data
resides on or originates on the
mainframe

...combine for powerful performance...

15%
increase
in application performance

5x
faster
DB-response time

20%
greater
processing capacity

DATEV

when DATEV ported business rules from a distributed server into CICS® Java

z

...that everybody's talking about.

z/OS is probably the most efficient place to run Java.

David Hodgson, techrepublic.com

You put the code where the data is, and you get to remove any network latency...

I've been impressed of late with the mainframe's Java support. It runs fast. It runs on the zAAPs. It runs all sorts of Java things without any recoding effort.

Scott Chapman, cmg.org

Since the z9 was introduced, Java performance has exploded five times and it hasn't finished on that curve...

Scott Fagen, enterprisesystemsmedia.com
