Use the Dashboard view to see analysis statistics presented in different formats, such as pie charts, bar charts, tables, and time lines.

## Dashboard View: Explore Statistics in Various Chart Formats

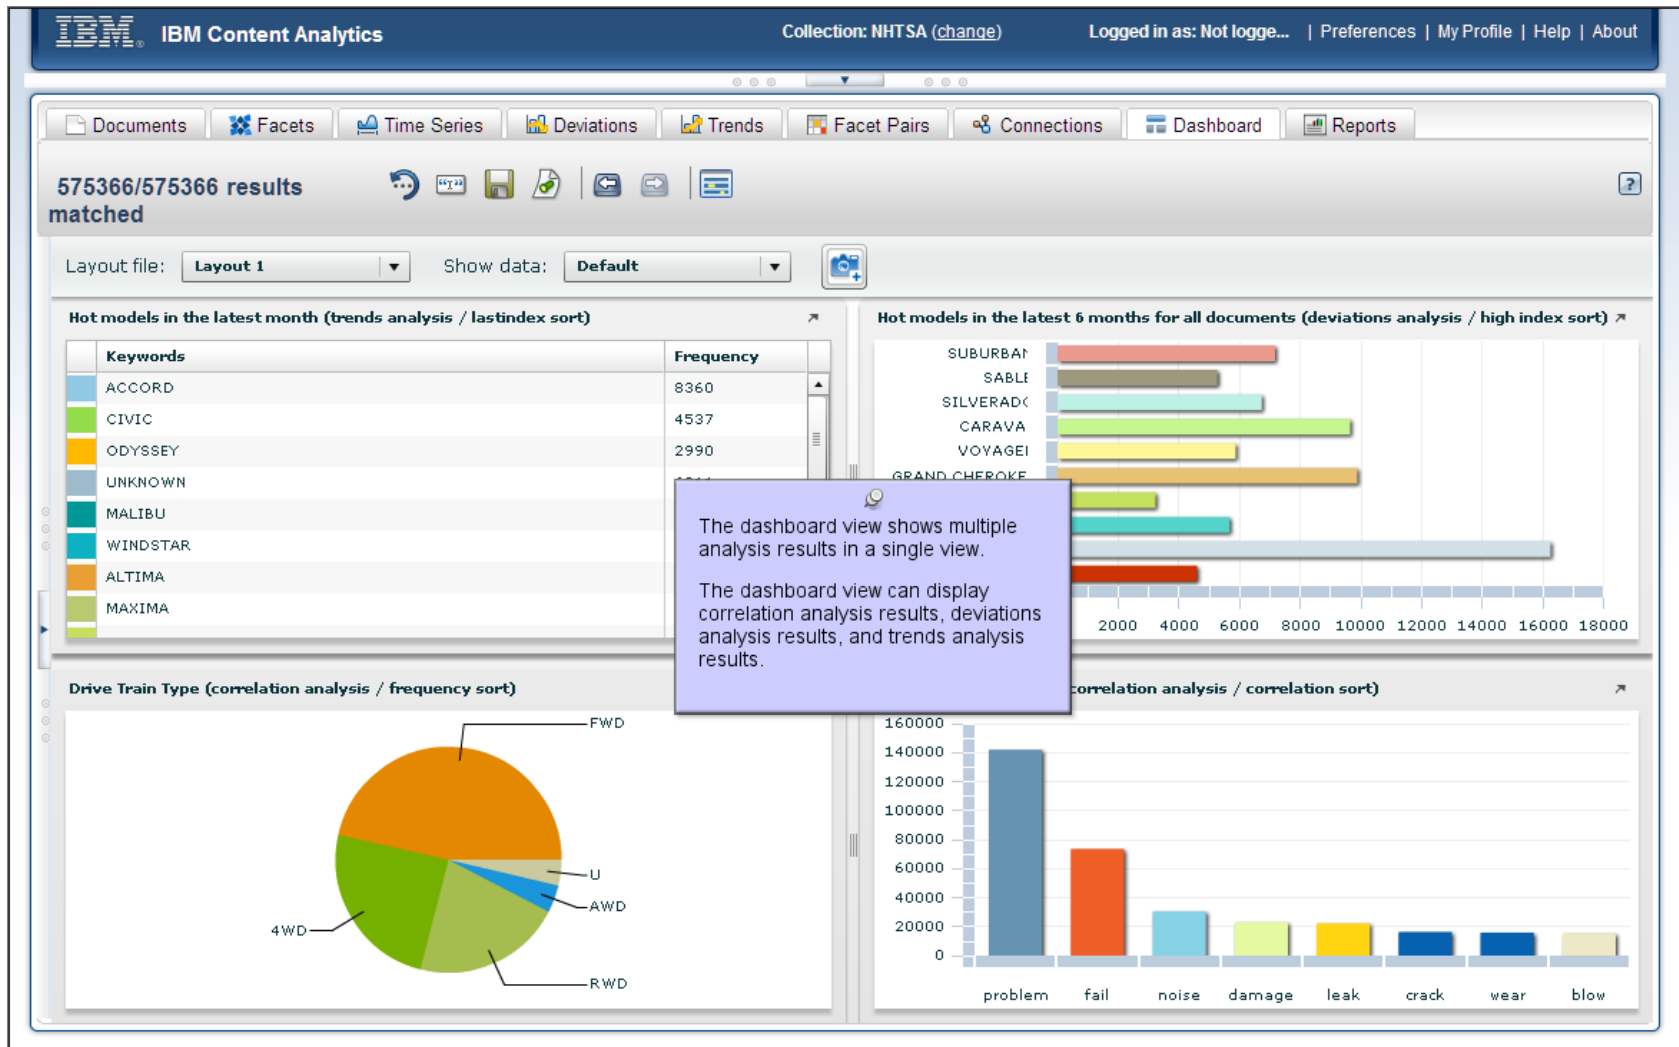

The screenshot displays the IBM Content Analytics interface. At the top, the header includes the IBM logo, 'IBM Content Analytics', and navigation links for 'Collection: NHTSA (change)', 'Logged in as: Not logge...', 'Preferences', 'My Profile', 'Help', and 'About'. Below the header is a toolbar with tabs for 'Documents', 'Facets', 'Time Series', 'Deviations', 'Trends', 'Facet Pairs', 'Connections', 'Dashboard', and 'Reports'. The 'Dashboard' tab is active, and a tooltip explains that it shows analysis statistics for selected facets in various chart formats.

The main content area shows search results for 'Results 1-10 of 3000 (575366/575366 results matched)'. On the left, there is a 'Facet Navigation' panel with a 'Filter:' input field and a 'Clear' button. Below the filter are several facet categories, each with a dropdown arrow and a count: 'Part of Speech' (2), 'Phrase Constituent' (2), 'Named entity' (2), 'Troubles', 'Category for Auto', 'State', 'City', 'Vehicle/Equipment Corp', 'Vehicle/Equipment Make', 'Model', 'Model Year', 'Component Description', 'Date of Manufacture', 'Date of Purchase', 'Date of Fail', 'Anti-Lock Brakes?', and 'Crash'.

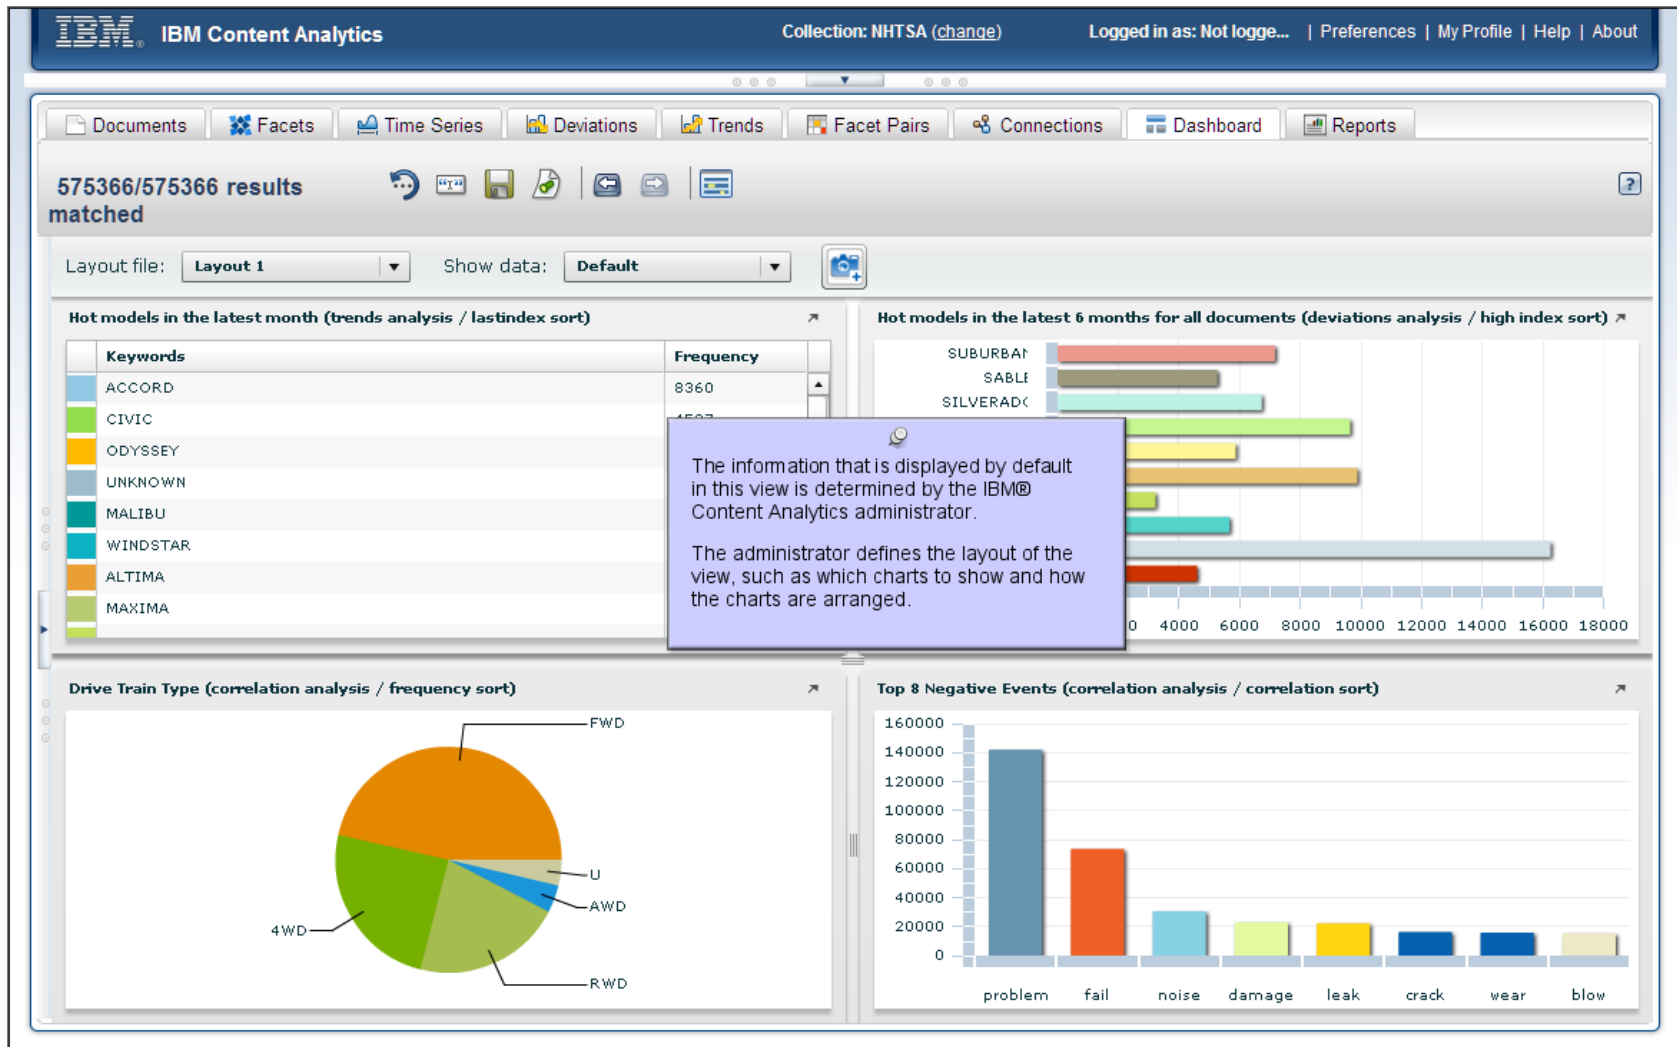

The search results are displayed in a table with columns: 'Flags', 'Actions', 'Source', 'Date', 'Title', and 'Thumbnail'. The results are as follows:

Flags	Actions	Source	Date	Title	Thumbnail
2	[edit]	ica	12/10/05	572039,572038

## Dashboard View: Explore Statistics in Various Chart Formats

The screenshot shows the IBM Content Analytics interface. At the top, the header includes the IBM logo, the text "IBM Content Analytics", and navigation links for "Collection: NHTSA (change)", "Logged in as: Not logge...", "Preferences", "My Profile", "Help", and "About". Below the header is a navigation bar with tabs for "Documents", "Facets", "Time Series", "Deviations", "Trends", "Facet Pairs", "Connections", "Dashboard", and "Reports". The "Dashboard" tab is currently selected.

A "Search and Result Preferences" dialog box is open, displaying various settings for search results. The dialog has a title bar with a close button and a search icon. Below the title bar is a tabbed interface with "Results" selected. The main content area contains the following settings:

- Number of results per page:** 10
- Sort by:** [Relevance]
- Sort by (2nd):** None
- Sort by (3rd):** None
- Query language:** English
- Sort order:** Descending
- Sort order (2nd):** Descending
- Sort order (3rd):** Descending
- Query mode (how to match query terms):** No preference
- Summary length:** A slider control ranging from "Minimum" to "Maximum", currently positioned in the middle.
- Number of type ahead suggestions:** 10
- Type ahead mode:** Suggest matches from queries, then match
- Include quick links:**  Yes  No
- Collapse results from same source:**  Yes  No

At the bottom right of the dialog are "Save" and "Cancel" buttons. A yellow callout bubble with the text "Click the Dashboard tab." points to the "Dashboard" tab in the navigation bar.

## Dashboard View: Explore Statistics in Various Chart Formats

The screenshot shows the IBM Content Analytics interface. At the top, the header includes the IBM logo, the text "IBM Content Analytics", the collection name "Collection: NHTSA (change)", and user information "Logged in as: Not logge...". Navigation links for "Preferences", "My Profile", "Help", and "About" are also present.

A "Select location for download by tkmsrv5.yamato.ibm.com" dialog box is open in the foreground. The "Save in:" field is set to "Charts". The main area of the dialog shows a file explorer view with folders "Autos" and "NHSTA". A yellow tooltip box contains the text: "Then select the directory in which to save the image and type a name for the image." The "File name:" field contains "1284472506421.jpg" and the "Save as type:" is set to "All Files (\*.\*)". "Save" and "Cancel" buttons are visible.

Below the dialog, a warning message reads: "Warning: This file may be an executable program or contain malicious content, use caution before saving or opening."

The background dashboard features a "Dashboard" and "Reports" tab. It displays several data visualizations: a line chart with data points for years 2005, 2006, 2007, 2008, and 2009; a bar chart with bars for years 10, 11, and 12; and a table with columns labeled "Confidential" and "Public". At the bottom left, there are labels for "TAURUS" and "ACCORD".

## Dashboard View: Explore Statistics in Various Chart Formats

The "File name:" field contains "Hot models" and the "Save as type:" dropdown is set to "All Files (\*.\*)". "Save" and "Cancel" buttons are visible. A warning message at the bottom of the dialog reads: "Warning: This file may be an executable program or contain malicious content, use caution before saving or opening."

In the background, the dashboard is visible. It has tabs for "Dashboard" and "Reports". The main content area displays several charts and a table. The top chart is a line graph with a horizontal axis labeled with years from 2005 to 2009. The bottom chart is a bar graph with a horizontal axis labeled with numbers 0, 10, 11, and 12. Below the charts is a table with two columns: "Confidential" and "Public". At the very bottom of the dashboard, there are two rows of data with colored markers: a blue square for "TAURUS" and an orange square for "ACCORD".
