附註：這份文件所列出的 Script 作業只供參考，可能會改變。請參閱 WebSphere Product Center 產品中的 Script 沙盤推演，以取得其他準確的資訊。

下列各節所列出的每個修改過的 Script 作業前面都會有下表所列出字首語之一，代表變更的類型。

N	新建
D	已棄用

PU	已更新原型
DU	已更新說明

型錄

N setOrdered

- **原型**：Boolean Catalog::setOrdered(Boolean bOrder)
- **說明**：將型錄改成是否接受排序

種類

N reorderEntry

- **原型**：Integer Category::reorderEntry(Catalog ctg, Entry child, Integer position, Boolean bInsertBefore)
- **說明**：可讓使用者調整 catalog ctg 中之母項種類內的子項排序。項目子項會移至指定位置（零是第一個元素）的前面 (bInsertBefore=true) 或後面 (bInsertBefore=false)。傳回排序項目 ID（如果能夠運作的話）或空值（失敗的話）。這個方法不應搭配交易來使用。Boolean 旗標是選用的，如果未指定的話，預設值是 true。

N getEntryPosition

- **原型**：Integer Category::getEntryPosition(Catalog ctg, Entry child)
- **說明**：可讓使用者取得子項目在母項種類內的位置。這只能在排序型錄中運作。傳回位置（如果能夠運作的話）或空值（失敗的話）。

儲存器

DU setContainerProperties(HashMap properties)

- **說明**：PROPERTIES 雜湊對映中所指定的內容會設定給有問題的儲存器。雜湊對映鍵可以是下列項目之一："SCRIPT_NAME" "PRE_SCRIPT_NAME" "POST_SAVE_SCRIPT_NAME" "ENTRY_BUILD_SCRIPT" "DISPLAY_ATTRIBUTE" "USER_DEFINED_CORE_ATTRIBUTE_GROUP" "SCRIPT_RESTRICT_LOCALES"。Script 的值必須是字串名稱，"DISPLAY_ATTRIBUTE" 的值必須是 Node 物件，"USER_DEFINED_CORE_ATTRIBUTE_GROUP" 的值必須是 AttrGroup 物件，"SCRIPT_RESTRICT_LOCALES" 的值必須是 "true" 或 "false"。如果 "SCRIPT_RESTRICT_LOCALES" 設為 "false"（不區分大小寫），這個儲存器中各項目的 Script 作業就不會考量使用者設定所定義的語言環境限制

字串

N getSystemMessageById

- **原型**：String getSystemMessageById(int id, [Locale loc])
- **說明**：給定的訊息 ID（和語言環境），傳回訊息說明。

N `getSystemMessageByName`

- **原型**：String `getSystemMessageByName`(String msg_name, [Locale loc])
- **說明**：給定的訊息名稱（和語言環境），傳回訊息說明。

N `getCustomMessage`

- **原型**：String `getCustomMessage`(String id, [Locale loc])
- **說明**：給定的訊息 ID（和語言環境），傳回訊息說明。

N `bidTransform`

- **原型**：public String `bidTransform`(String srcStr, String direction, String typeOfText, String orientation, String swap, String numShapes, String textShapes)
- **說明**：如果方向是 "IMPORT"，便利用參數所指定的 BiDi 屬性來建立 BiDiText，再將它轉換成含預設屬性的 BiDiText。
如果方向是 "EXPORT"，便利用預設屬性來建立 BiDiText，再將它轉換成含參數所指定之屬性的 BiDiText。
typeOfText 可以是："IMPLICIT"、"VISUAL"。
orientation 可以是："LTR"、"RTL"、"CONTEXTUAL_LTR"、"CONTEXTUAL_RTL"。
swap 可以是："YES"、"NO"。
numShapes 可以是："NOMINAL"、"NATIONAL"、"CONTEXTUAL"、"ANY"。
textShapes 可以是：
是："NOMINAL"、"SHAPED"、"INITIAL"、"MIDDLE"、"FINAL"、"ISOLATED"。
預設值是：typeOfText："IMPLICIT" orientation："LTR" swap："YES" numShapes：
NOMINAL textShapes：NOMINAL

貨幣

N `getCurrencySymbolByCode`

- **原型**：String `getCurrencySymbolByCode`(String code)
- **說明**：這項作業會從貨幣碼傳回貨幣符號，如輸入 "USD"，傳回的貨幣符號是 "\$"。

N `getCurrencyDescByCode`

- **原型**：String `getCurrencyDescByCode`(String code)
- **說明**：這項作業會從貨幣碼傳回貨幣說明

N `getCompanyCurrencies`

- **原型**：String[] `getCompanyCurrencies`()
- **說明**：這項作業會傳回公司屬性所選取的貨幣代碼。

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical

transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses

granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the

origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS
