### Purpose of Support Plan

This document communicates the IBM technical support available to you, the procedures for obtaining support, and information on contacting IBM. You will find information on IBM e-Support, hardware and software reporting procedures, escalation processes, as well as information available by phone.

#### NOTE:

To download the latest version of this document, go to <http://www.ibm.com/support/> then search under Technical Support using "customer support plan" (quotation marks included) in the search field.

02.28.2002

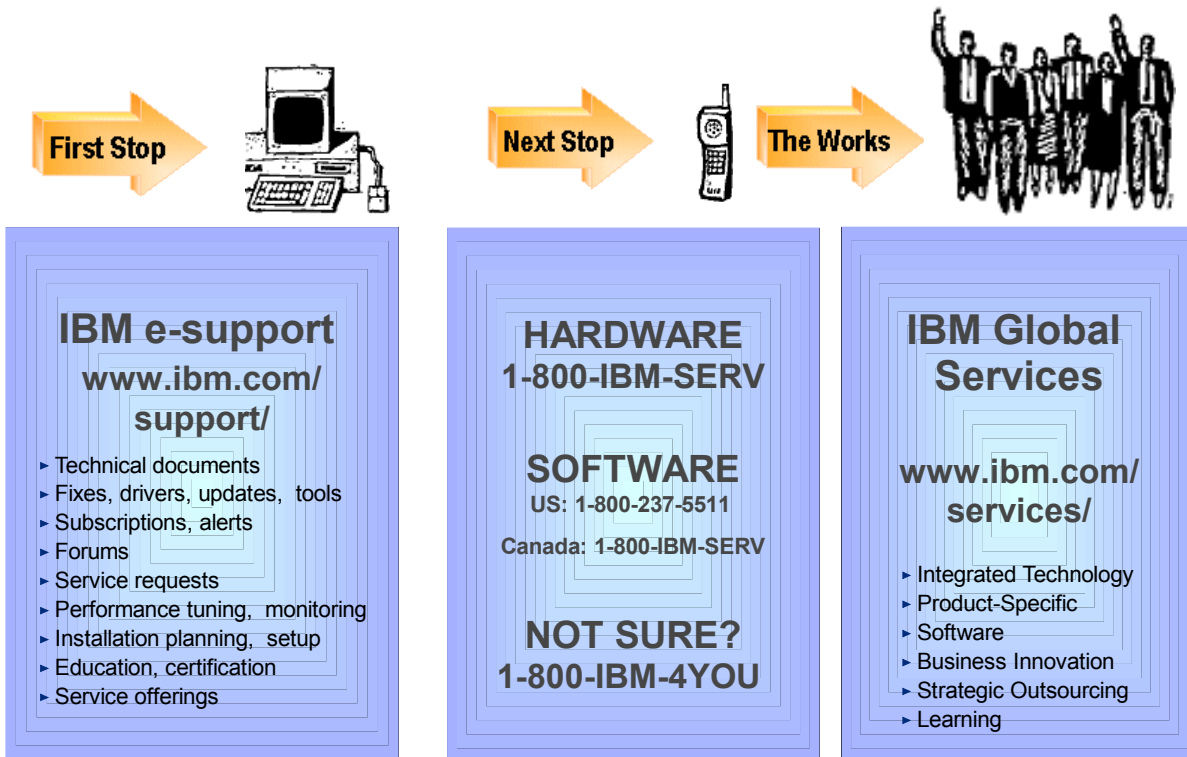

# Support Overview for IBM Printing Systems

*"IBM ... continues to leverage its strengths as the most recognized brand in IT and as **the company that can offer the greatest depth and breadth of service to customers.** IBM -- and only IBM -- can offer service, support and integration capabilities to almost any enterprise almost anywhere in the world, and those capabilities are an even more important competitive differentiator in difficult economic times." "Gartner Viewpoint" (www.cnet.com) 12.10.2001*

From IBM's very largest customer to the individual consumer, the Web (<http://www.ibm.com>) is key to enabling e-relationships. Customers use the Web to learn about and buy offerings and solutions, to comparison shop, check on order status, and to invoke / receive after-purchase support and services. This is referred to as the *Learn / Shop / Buy / Receive / Use* cycle.

IBM also delivers technical sales support via the Web to allow customers to *Learn / Shop / Buy* in a self-service mode, without requiring assistance from the IBM sales channels or Technical Sales Support organizations; these activities can be end-to-end Web or Web-assisted, where the customer accomplishes some tasks via the Web and then engages skilled resources.

As an IBM Customer, you have access to a range of technical support unmatched in the industry. IBM Printing Solutions come with the service and support you expect, giving you enhanced value and confidence. Below is a bird's-eye view of IBM's after-purchase customer support capability:

Your IBM Sales and Support Team

## Base Services and Support

When you buy new IBM Printing solutions, you also buy IBM's unique depth of experience and expertise. You buy support from people dedicated to developing printing solutions for your business. As always, you can access a wide variety of technical support for your purchase -- free of charge. Before you decide on any purchase, you can use a wealth of technical sales support, delivered both via the Web and through your sales and technical team. We want to ensure that our solutions and offerings address your business requirements. To help you learn about our offerings and make a purchase decision, we offer a wide array of technical sales support including:

- ◆ Offering technical content, such as white papers, model comparisons, and specifications
- ◆ Trial software downloads
- ◆ Offering and solutions demonstrations and seminars (including Webinars)
- ◆ Identification and selection of appropriate solutions, including:
  - Complex solution design and assistance
  - Offering configurations
  - Basic capacity plans
  - Pricing
  - Solution Assurance reviews for new IBM offerings to assure the solution both addresses your business needs and is technically feasible
  - Education and education planning assistance

Once you have decided on a Printing Systems offering, you can take advantage of the significant technical support resources to help you install and implement your solution, including:

- ◆ Physical planning and installation planning assistance
- ◆ Warranty support of IBM hardware
- ◆ Installation planning assistance for new software licenses
- ◆ Base Software Support included with your software offering license
- ◆ Web self-service such as hints and tips, usage information, fixes, and downloads

*NOTE: This document contains representative lists only of the services and support available from IBM. For further information on services and support available, go to <http://www.printers.ibm.com/R5PSC.NSF/web/support+overview>, <http://www.ibm.com/support/>, or call 1-800-IBM-4YOU.*

## Your first stop for IBM support ... e-Support

IBM Printing Systems delivers world-class support.

We furnish you with the technical information and tools to help support a buying decision as well as help you get maximum value from your current printing systems. Our technical support portal -- <http://www.ibm.com/support/> -- offers you self-service 24 x 7 x 365 -- with its powerful, cross-IBM offering knowledge base.

The portal also posts hot links to all of IBM offering support Web sites, including Printing Systems support at <http://www.ibm.com/printers/support/>

- ◆ Technical content
- ◆ Fixes, drivers, updates, tools
- ◆ Service requests
- ◆ Installation planning, setup
- ◆ Education
- ◆ Service offerings
- ◆ Publications

## Don't overlook Redbooks!

IBM Redbooks are “how-to” guides to technical information, and *Redbooks Online!* is THE Web source for finding complete information on IBM solutions and offerings on the World Wide Web. You can view and download complete books. We also offer two ways to find the redbook you want. . Do a quick keyword search for a hit list of IBM Redbooks, Redpieces and Redpapers. Or browse through pre-selected categories.

See <http://www.redbooks.ibm.com/>

The screenshot shows the IBM Redbooks website. At the top left is the Redbooks logo. Below it, there's a 'Featured' section with a 'Registration required!' notice and a small image of a book cover. To the right, there are sections for 'Recent Redpieces' and 'Recent Redbooks', each with a list of titles and publication dates. At the bottom right, there's a 'Featured Events and Other News' section with a list of links. A globe and an envelope icon are also visible in the lower left area of the screenshot.

## Ordering Redbooks and Other Publications

Many publications are available online free of charge. You may view or download these titles without having to place them in a shopping cart and without providing any information about yourself.

To order hard copy publications for a fee, however, you will be asked to provide your name, address, e-mail address, and credit card information. This information allows the IBM Publications Center search results to display prices in your local currency.

If available in stock, your order will be dispatched within 8-14 days by surface delivery, without additional cost.

See

<http://www.elink.ibm.com/publications/cgibin/pbi.cgi?CTY=US>

### Quick Publication Ordering System search

Begin your IBM Publication Ordering System (POS) search by using one or more keywords. You can type (parts of) a publication title and description keywords, and publication numbers. At the bottom of this page provide additional search functionality to the IBM Publications Center.

Search on

Publication number  -  -  (xxxx-xxxx-xx)

- List
- All publications
  - Only orderable publications
  - Only online publications (read/download)

## iSource -- Your Customizable, One-Stop Source for IBM Information

**iSource**

Subscribe now

Whether it's hardware, software, system solutions or special pricing and promotions -- now you can get the IBM news you need e-mailed directly to you.

To receive *iSource*, simply sign up -- at <http://isource.ibm.com/world/subscribe.shtml>

## If you don't find what you need with e-Support, your next step should be 1-800-IBM-SERV for Hardware Support

Your call will connect you to an IBM Remote Technical Support Center Specialist. This individual will diagnose the hardware problem and, if unable to resolve, create a plan which could include recommending parts and/or dispatching an IBM System Services Representative (SSR) to your site.

**We are also pleased to offer IBM Printing Systems Service Direct™, the industry's first completely automated, Web-based service dispatch system. See <http://www.printers.ibm.com/servicedirect/> for details.**

You can reach IBM's Hardware Support at anytime by dialing **1-800-IBM-SERV**. If the problem is not being handled to your satisfaction, the Service Delivery Manager or Duty Manager will be happy to become personally involved. This service is provided under the product warranty and maintenance terms.

## Or call 1-800-237-5511 for Software Support

Your call to Software Support gives IBM the opportunity to consistently meet your expectations by providing:

- ◆ Rapid response to your requests
- ◆ Fast relief for high impact problems
- ◆ Timely problem resolution
- ◆ High quality fixes and information
- ◆ Up-to-date installation and basic product usage information.

NOTE: To be eligible for voice support, you must have either a Support Line or Passport/Advantage contract.

You are a valued IBM customer. If, for any reason, we are not meeting your expectations, please call us.

- ◆ Duty Manager: (US) **1-800-237-5511**  
(Canada) **1-800-IBM-SERV**
- ◆ Support Family Information Center:  
(US) **1-888-426-4343**, option 3  
(Canada) **1-800-426-2255**

## When you're not sure, call 1-800-IBM-4YOU

If you encounter a problem of unknown origin, contact your Remote Technical Support Specialist by calling the Hardware or Software Support numbers listed above or call our general access number -- **1-800-IBM-4YOU**. Each will be happy to assist.

### Problem Resolution Using Severity Codes

*The following severity codes determine how IBM escalates hardware and software problems. **Report a severity code when placing the initial service request to the IBM Support Center.***

#### Severity 1— CRISIS

- ◆ The system (or a major application or component) goes down, critically impacting a customer's ability to do acceptable business.
- ◆ No bypass alternatives are available.
- ◆ Severity 1 requires total commitment of equipment and personnel by the customer and vendors to resolve the problem. The respective management groups are responsible for assigning personnel.

#### Severity 2 — MAJOR

- ◆ A problem that causes a severe operational impact.
- ◆ Bypassing the problem is possible but not feasible.
- ◆ Severity 2 requires that the failing component be made available for repair.

#### Severity 3 — MINOR

- ◆ Any problem causing restricted function or minor impact on performance.
- ◆ Bypassing the problem is both possible and feasible.
- ◆ Deferred maintenance may be acceptable.

#### Severity 4 — BYPASSED

- ◆ A circumvented problem.
- ◆ The problem's impact is non-critical and does not affect operation.
- ◆ Deferred maintenance is acceptable.

# IBM Global Services -- Overview

## Why IBM Service?

IBM is uniquely qualified to deliver a caliber of service and support that allows businesses to concentrate on doing business. Why? Because:

- ◆ 116,000 people worldwide deliver IBM support and service in 164 countries.
- ◆ 2,500 IBM support specialists handle thousands of customer and Business Partner calls each month, in 23 languages from nine HelpCenters around the world.
- ◆ Maintenance parts are available from 125 parts-stocking locations (US); 479 locations (worldwide).
