

Owners of IBM Rational Rose Developer for Java who use either Rose Pro J or XDE Developer for Java

(This guidance pertains to customers who have purchased IBM Rational Rose Developer for Java as well as former owners of IBM Rational Rose XDE Developer for Java whose entitlements have been migrated to IBM Rational Rose Developer for Java, and who continue to use either Rose Pro J (on a supported basis) or XDE Developer for Java (on an unsupported basis))

Summary: if you use either Rose Pro J or XDE Developer for Java as formerly packaged in IBM Rational Rose XDE Developer for Java, **your replacement product will be IBM Rational Software Architect Standard Edition.**

The replacement product is already available to you via Anticipatory Access and you may begin to adopt it at any time. You may also choose to migrate your IBM Rational Rose Developer for Java entitlement to IBM Rational Software Architect Standard Edition but you will not be required to do so until the maintenance renewal part numbers for IBM Rational Rose Developer for Java are withdrawn from Passport Advantage (for more information see our [Rose Expected Lifetime](#) .pdf document.)

Timeframe	Option 1	Option 2
1. Until withdrawal of IBM Rational Rose Developer for Java maintenance renewal part numbers	<ol style="list-style-type: none">1. Continue to accept default renewals on IBM Rational Rose Developer for Java2. Adopt and use the IBM Rational Software Architect Standard Edition based on Anticipatory Access	<ol style="list-style-type: none">1. Request migration of entitlement to IBM Rational Software Architect Standard Edition, and adopt and use it
1. After withdrawal of IBM Rational Rose Developer for Java maintenance renewal part numbers, renewal letters will begin to quote IBM Rational Software Architect Standard Edition	<ol style="list-style-type: none">1. Accept migration from IBM Rational Rose Developer for Java to IBM Rational Software Architect Standard Edition by electing to renew maintenance on IBM Rational Software Architect Standard Edition2. Continue to use IBM Rational Software Architect Standard Edition	

Also optionally, you could pay to trade IBM Rational Rose Developer for Java or IBM Rational Software Architect Standard Edition to any of the following offerings: IBM Rational Software Architect for WebSphere Software, IBM Rational Data Architect, IBM Rational Data and Application Modeling Bundle.
