Calling all the IT Professional

Best Practices series – All about Lotus Notes/Domino.

The Lotus Mobility Solutions
Learn how Lotus mobile solutions allow workers to communicate and access information anywhere from a mobile device.

Lotus Notes Traveler software supports a wide variety of today's popular mobile devices, helping companies easily empower their mobile workforce.

Key features delivered in Lotus Notes Traveler software include:

- Automatic, two-way, over the air synchronization of Notes email, calendar and contact data
- Stay on top of your email and appointments even while mobile
- Remote wipe support for lost or stolen devices.
- Read encrypted email
- Support for multiple device types gives users greater choice
- A no-charge mobile solution for entitled Lotus Notes and Domino customers
