

# You are invited to the IBM Technical Exploration Center (TEC)

## IBM Software for Smarter Planet.

The world is getting smaller, flatter and smarter. Today, people and systems are becoming more interconnected, instrumented and intelligent, offering businesses greater capabilities and opportunities than ever before.

### Come discover Software built to help build a Smarter Planet at the IBM TEC

The IBM TEC is simply the faster and easier way to immerse in Smarter Software that will help you conceive solutions to address your unique challengers as well as build capabilities to transform your organization. Facilitated by technology and domain experts and geared with the latest IBM Software, the TEC creates a dynamic and stimulating environment to:

**Expose** to emerging technology trends and how recent Smarter Software innovations relate to current business and organizational challenges

**Explore** Smarter Software solutions derived from real client engagements and learn how it is helping to build business and organizational capabilities

**Experience** through hands-on guided labs on how Smarter Software underlying technology helps build business and organizational capabilities
