

SHARP®

SL-5600

Zaurus

The smart choice for mobile enterprise solutions and mobile professionals.

- 400 MHz Intel® XScale® processor
- High capacity 1700mAH Li-ION battery
- 96MB memory: 32MB SDRAM and 64MB Flash Drive
- QWERTY keyboard with sliding cover
- Dual expansion slots: CF Type II and SD
- 65,535 color 320 x 240 TFT display
- Word® and Excel compatible applications

Powerful, Flexible, Mobile

Keyboard with Sliding Cover

Sharp's innovative integrated keyboard design allows easy data input without sacrificing space. Edit text or Email effortlessly with a standard QWERTY keyboard.

Long Life Battery

The SL-5600 provides the largest rechargeable battery standard in the industry so you can stay productive longer. When you are out of battery power when on the road or in the air, no problem. The high capacity Li-ION battery is also replaceable for continuous mobile usage with spare batteries.

64MB
Flash Drive

Flash drive

Your data files, programs, and PIM data are safely stored in Flash memory which is preserved even when your battery is completely drained.

CompatFlash and SD/MMC Expansion Slots

Sharp combines the best of both worlds by offering two expansion slots. Two slots allow you to add two optional peripherals simultaneously such as a CompatFlash™ modem card and SD/Multimedia memory card. This seam-less design makes upgrading easy and simple.

Opera WEB Browser

The Opera web browser is the fastest full-featured web browser for handheld devices and supports SSL 2.0 and 3.0 for secure transactions.

Powerful and Customizable Linux/Java Platform

The SL-5600 harnesses the power and performance of a Linux® multiprocessing OS in the size of a handheld device. The combination of Linux and Java™ together provide the development platform for choice for time-to-market development, integration and deployment of enterprise solutions.
