NEW OFLEAR PHORSDAY MUNICIPAL SERVICE & 1849

47 . A. 70.

THE DAILY BEE Thursday Horning Sept. S, 1953.

> r. G. HUNT. HARRY T. HAYE, of Orlines. For Auditor Public Accounts, Superintendent of Public Education

CHAS. M. WATERMAN, Prosident.

TWO WITNINGS ON THE STAND. The free-oil appointments make by President Plance, and defected by a large number of Democratic present in the South, are a source of expusite pleasure to the shottline appointment of the adamistration. The New York Poot quotee appointing from the Savanash (recurrent the commendations bestowed by that ming gaided street upon these appointments, and caus upon the President, in view of the extensive and ready concessions smalle by the South, to throw of all resistances, and is constitute unbesitatingly to give office to free soliters wherever competent application may be found. The Post wealth, not unnaturally, at the blindness and instantion of the South, and atrives to show that antishwery democrate are the best

there there bees to dessecable the Union, and in their instead attempted derived aid and consider from the pressure that he had formed the second to be unportant points, however they say differ in the pressure that have led thou to these contravants of the second to be not the second to be not the second to be not to be contravents.

The Fat'll right in saying that the charges of free solium levelled against the distinguistic free solium levelled against the first was that of a stranger, who had so the least was a derman who had to present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so present the first was that of a stranger, who had so completely merce and the society of the present the society is present the present of the body the society of the society of the present of the present time, the society is present the footh to completely merce and the society of the present time, the society is the society of the present time, the society is the society of the socie

when it described, the Police Jayr of the statement be sorrect.

About fifteen days and the Police Jayr of the period of St. Mary paned an ordinance entablishing quarantine.

The hospital lice at the distance of 20 miles from Franklin, and tay health officers are are placed, non 5m Beruck, Bay and the other on Grand Luke.

Succe the passing if the ordinance, Mr. C. M. Visson, the mail confractor from Danaldsonville to Washington submitted to the measure. But such unaccentrated to the measure the duty of the press to stigmantipe this seesdeling converted to the press the duty of the press to stigmantipe this seesdeling course. Can Starting, the STTA Acquet, as the mail boat solered Barwight Bay, the health officer presented thismed no heard to go through an imprection of the breat. He inquired whether there were day passering for from New Orleans

We take the following from the same particles assurances of Democracy, austains it will be assurance of the Aboltomists them with the following the court of the Aboltomists them with the tody of the them of the the hadic of the shodied lists, and weak into specific the them with the tody with wook, gardiner of the Aboltomists than the large with the them with the tody of the them with the tody of the them with the tody of the them with the tody with wook, gardiner of the Capability in the the has proved a humburg. He met add Marcy into the hands of the should be true to his presistion, and the tody of the should be true to his presistion, and the should be true to his presistion, and the tody of the should be true to his presistion, and the should be true to his presistion, and the should be true to his presistion. All the should be true to his presistion, and the should be true to his presistion of the tody of the should be true to his presistion, and the should be true to his presistion, and the should be true to his presistion. But to the true to his presistion to the should be true to his presistion to the should be true to his presistion. But to the should be true to his presistion, and the should be true to his presistion to the should be true to his presistion.
