A CONCENTRATED REMEDY, designed to be the most effectual that can be made. It is a compound of Pure Sarsaparilla, so combined with other substances of still greater alterative power, as to afford the best blood purifier and life restorer that medical science can develop. It is believed that such a remedy is needed by those who suffer from Strumous complaints, or the many which will accompanish their origin in impure blood. Hence the necessity to the afflicted of the most powerful blood purifier that can be found; a great invigorator of the system, and a remedy which will do for them, in the way of relief and cure, the most that can be done by the use of medicine. Such a remedy, we have every reason to believe, is found in the following compound:

Scrofula and Scrofulous Complaints, Erysipelas and Erysipelatous Eruptions, Pimples, Blotches, Tumors, Boils, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia or Tic Dolereux, Liver Complaint, Dyspepsia or Indigestion, Dropsy, Female Weaknesses, Suppressions, Irregularities, Leucorrhœa, or Whites, and Indeed the whole train of diseases originating in the Blood may be found a great promoter of health and vigor. By its use the system is thoroughly purified of the foul corruptions which make it the prey of disease, and when these are expelled, the patient begins to feel and know that he is well. Hence, when we particularize the complaints which it will cure, we do not mean to say that it will cure them in every instance, but only that it has the power to do so, and that it has cured them in many cases which have been given up as hopeless.
