and read in the Utica Convention last week. Fire House was engaged on the General Appropriation Bill, during the entire sitting.

does a beli up set apart and sell to Ass White mounter banquer, in fixey of New York a portion of the public lands, the walls of the for

Wilmot Proviso to all territory porth of Mr. Calhonn, then rose and make at Suvery He declared that the South desired the enactment of no laws to give them any pe-culiar advantage. All they saked was to be put on an equal boding with the North. He argied that the Constitution granted no such power to Congress as that claimed by the adcentes of the Previous and that the ordinance of 180 was a compromise to terminate a long ex-

Fa 3 1-5 per cent.

FRANCE—With the exception of engagements which have taken please between the latians and Austrians during the week, and the surrender of some Danish soldjerage the Prassian ormy, affair, generally look somewhat quirter. France is, however, still the theater of custoderable confusion. A report was appread in the course of the sittings of the National Assembly, on the 8th inst. that the police were in exarch of a high personage arrived in the morning at Paris by diligence from London, reom information, believed to be currer, this personage has been attended—the personage here alluded to in Prince de Joinville. Prince Louis Napoleon is understood to be in for Paris, lie will probably obtain three reterms besides that of the capital. The Givernment, of some, will not dare to moles him.

The Engineer Lamarine was a serious bloom in the capital. The Government, of course, with not sattletter denounced at as call the capital in the capital. The Government, of course, will not derive the capital in the South than the North. The day of treat has cope, and the specure in time of Lamarine and Leften Rollin were day of treat has cope, and the specure in the capital in the capital in the south of the south that the residual in the first of such than the North. The day of treat has cope, and the specure in the south in the supplied arrive to Sobier, which enabled in the treat of such thanning evidence as the sponsen and treat of the shorting in accise, or do large with the countries. I have a supplied arrive to Sobier, which enabled in the treat of the shorting in accise, or do large with the countries. I have a considered the series of the soliting in accise, or do large with the countries. I have a constant the series of the soliting in accise, or do large with the countries. I have a constant the series of the soliting in accise, or do large with the countries. I have a constant the series of the soliting in accise, or do large with the series of the soliting in the latter of the soliting in

namber of persons were arressed, and those of the Brindship of the Brindsh

bers. Latest accounts state that the banquet that been postpored.

A report was spread in the course of the atting of the National Assembly, on the 8th insatu, that the police were in warch at a high personage arrived in the morning at Paris by dilligence from London. "We think it right," says the Commerce. to abugin from marnioning the names which were circulated with this near, but from tukurmation which we have reason to believe is correct, we can allow openeyes to go as far as to announce that this pessonage has been arrested. "The personage here alloued to is the Prince de Joinville.

The Akber, of Algeirs, announces that M. Thiers has consented to become a candidate for the teprecentation of Algeirs, in the promotif M. Ledra Rollin, who made his option to air in the bational Assembly for the department of the Seine. M. Thiers has been plected for Rouen and Bortleaux.

Lyons was again disturbed on the 31st ut.—
