REPORT OF THE TREASURER.

MR HUNTER'S official report is a document of nearly 50 pages, and hence not easily condensed within the limits of a newspaper article. The first part of the report consists entirely of statistics. The receipts of the Year amounted to $4,903,170 56, and there is a balance in the treasury at this time of $1,300,955 70. The entire receipts from taxes for the year were $1,298,456 91, of which the parish of Orleans contributed $1,057,986 57, or considerably more than one-third. The Treasurer states that the general fund of the treasury has improved since last year, though the receipts are still insufficient to meet the demand upon the fund. Means to enforce with more stringency the revenue laws of this State are absolutely required. The laws relative to assessments need amendment, as gross abuses are said to occur in the exercise of compensation paid for assessing, especially in New Orleans. Frauds are continually perpetrated under the laws providing for back taxes on trades, professions and occupations. Various modifications of existing statutes are suggested to meet the case. It is recommended that the law be repealed requiring payment of the interest on State debts to be made in New Orleans.

A large portion of the report is occupied with a controversy respecting the neglect of the attorney appointed by the Governor to collect the back taxes due the State in the city of New Orleans, and the settlement of the same by Mr HAVEN, the attorney referred to, alleges certain reasons for his withholding these funds, to which he is sustained by the Auditor. Although unable to the refusal of the city of New Orleans to pay over, of the expenses incurred in executing the act of 1857, relative to elections. The amount now claimed is $112,941 99. The Treasurer again dilates at great length upon the decision of the Supreme Court in the suit instituted against him for declining to pay certain warrants drawn upon him by the Auditor. The Court ruled that the Treasurer was bound to pay the Auditor's warrant, but the Treasurer complains that the merits of the question in issue were not investigated. He has, however, yielded obedience to the decision, and says: "I have issued many thousands of dollars from the treasury which I would not have paid, could I have felt certain that the consequences of any refusal to pay would have been visited upon myself alone. The Legislature is implored to supply a speedy remedy, either by passing the act introduced last year in the Senate, or some other one with similar provisions.

MR HUNTER complains of the confusion in vogue among the various Commissioners of opening warrants in blank, which is persisted in although complained by the committee which examined their accounts last year. With respect to the assessors of the city of New Orleans, the Treasurer declares that they are allowed illegal fees in making their accounts with the Auditor. Another complaint between the Treasurer, the Auditor and Assessors is forced on the report. MR HUNTER seems to possess a happy knack of getting into collision with everybody. The reporter of the docket of the Supreme Court has neglected to furnish with the law specifying his duties with regard to the printing of the reports. The Treasurer complains of the onerous and laborious task devolving on him in connection with the bonds issued by the five banks. The work is attended with very great trouble, for which that officer receives no compensation whatever.
