L. MILLER'S
HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and restoring, when there is the least particle of vitality or incipient nerve remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequaled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequaled preparation convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior virtues over all other preparations at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriantly, and imparts to it soft, glossy and flexible appearance, and also where the hair is becoming and thinning, it will give strength and vigor to the roots, and restore the original health to those which have become bald, causing it to yield a *fresh* covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this invigorator, when all other preparations had failed. It has, in the possession, hundreds of letters testifying to the above facts, from persons of the highest respectability. It is unobjectionably pure in its composition, and by its little extra portion of time and in cases where the hair has already changed its color, the use of the invigorator will with certainty restore it to its original color, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an effective fragrance, and the great facilities it affords in *dressing the hair*, which, when used with the invigorator, can be dressed in any required form so as to remain for days, which feeling of comfort is one—here is the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price allows it within the reach of all.

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child and the future appearance of its hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER, same over the signature of L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Wholesale Depot, 56 Dey street, and sold by all the principal Apothecaries and Druggists throughout the world.

Preservation of the Sight.

MR. C. DUHAMEL, optician, No. 46 Chartres street, begs leave to inform all those whose sight is defective that he has just received a fresh invoice of patent Cylindrical Glasses, approved by the most renowned oculists in Paris, and Drs. Beard, Feuilleau, Crawcour, Nee and others in New Orleans. The cure is such that these glasses can be used without the least danger to the weakest eye.

The most skillful opticians have made a report declaring that the above system is the most favorable and the best for the preservation and improvement of the sight.

Their superiority over all others consists in the focus being equally divided over the whole surface, instead of being in the center only, as in the case with spectacle glasses generally. The interposition of the two cylindrical curbs makes them besides achromatic, and, consequently, much clearer than the others.

Near-sighted persons will find a great improvement in these glasses.

A pattern showing the advantages of these new glasses will be exhibited and explained, on application to Mr. Duhamel, to all those who may be desirous of being further informed on the subject. feb11
