OUR EXCHANGE LIST

lay last, and the two fullowing days, and res

transactions with LEXMON. It likey evidence that three or four weeks prior to his arrest. LENNON called upon an engraver in this city, to make a contract for the printing of the notes, from the plates, as finished, admitting at the time that Chark eld no Chark. sw find the enormalist of the investigation, that the stream because from the stream of the investigation, that the stream because from the stream of the investigation, that the stream because from the stream of the investigation, that the stream because from the stream of the investigation, that the stream because from the stream of the investigation, that the stream because from the stream of the investigation, that the stream because from the stream of the investigation, that the stream because from the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the stream of the investigation, that the stream of the s

The result of the investigation, notwithstanding the amount of ball required, satisfied Clark's friends of his innocence, and ball was offered and accepted.— While they were engaged in the very act of signing the bond, some of the officers interfered, with the story that new evidence was discovered which conclusively established the guilt of the accused. The Mayor and the friends of Clark held a brief consultation, and the effect of that consultation was such, that the con-Silence of those who adhered to Clark was shaken, they concluded not to sign the bond that day, and esty at bill; and \$5,000 initians bonds at \$3.

Frence of the state of

most loathsome collection of wratches over gathered together in this city. Week after week passed away, to sorte of Stocks have declined to-day, not from any to sorte of Stocks have declined to-day, not from any townshe news. The old holders of United States Bank that if hhe come down to show a muon nothing, are selling that if hhe come down to show a muon nothing, are selling that if he come down to show a muon not sellen upon cold earn. Summer fireined dishermally. appeared before the frosts of adversity. To add to the

Clark remained in the Parish Jail a little loss than MARK H. — Cayron. The marks has been again were MARK H. — Cayron. The marks has been very more and extremely dult to-day, and sales estimated early recreed jabe been at a decider-dedection of [G] I: and in come instances [e], with much anxiety to sell. It is marks and the marks of the marks After eight postponements, the case was tried befor the Criminal Court, and nine months subsequent to his

of those foul blots upon the calendar of justice which owe their origin to circumstantial evidence, or rather to no evidence at all. If Clark had been a man of suspicions character, there might be some callintion but unfortunately for those upon schom rests the re-
