GRADUATE /POSTGRADUATE EDUCATION and PROFESSIONAL EXPERIENCE:

June 2011/ Present	Professor of Ophthalmology & Pathology Ocular Oncology, Orbital Diseases and Surgery Department of Ophthalmology University of Virginia, Charlottesville, VA
Nov 2011/Present	Associate Member Emily Couric Cancer Center University of Virginia, Charlottesville, VA
March 2009/Present	Clinical Professor of Ophthalmology Ocular Oncology, Orbital Diseases and Surgery Hamilton Eye Institute University of Tennessee, College of Medicine
July 2006/March 2009	Professor of Ophthalmology & Pathology Ocular Oncology, Orbital Diseases and Surgery Hamilton Eye Institute University of Tennessee, College of Medicine
2006/Present	Professor Emeritus Tulane University, School of Medicine, New Orleans, LA.

CURRICULUM VITAE
Zeynel A. Karcioğlu, MD

2006/ 2009	Cosultant, Ocular Oncology & Pathology St Jude Childrens Cancer Hospital Memphis, Tennessee
July 1982/ Jan 2006	Director, O'Brien Ocular Pathology Laboratory Tulane University School of Medicine New Orleans, Louisiana
July 1987/Jan 2006	Professor of Ophthalmology and Pathology Tulane University School of Medicine New Orleans, Louisiana
July 1995/ Jan 2006	George Haik Sr / St Giles Foundation Professor of Ocular Oncology at Tulane University School of Medicine , New Orleans, Louisiana
April1998/Jan 2006	Director of Ocular Oncology & Consultant, Tulane Cancer Center, Tulane University School of Medicine New Orleans, Louisiana
July 1991/Jan 1994: March 1998/March 2004	Director of Residency Training Department of Ophthalmology Tulane University School of Medicine New Orleans, Louisiana
Feb 1996/Feb 1998:	Chief, Ophthalmic Oncology Division King Khaled Eye Specialist Hospital Riyadh, Kingdom of Saudi Arabia
Sept 1993/Feb 1998:	Director of Research King Khaled Eye Specialist Hospital Riyadh, Kingdom of Saudi Arabia
Sept 1993/Feb 1996:	Senior Academic Consultant Oculoplastics/Orbit Division King Khaled Eye Specialist Hospital Riyadh, Kingdom of Saudi Arabia
July 1992/Sept 1993:	Director of Tulane Ophthalmology Clinic and Surgery Charity Hospital of New Orleans New Orleans, Louisiana

CURRICULUM VITAE
Zeynel A. Karcioglu, MD

- Sept 1989/June 1993: Clinical Professor of Ophthalmology
Texas Tech University, Health Sciences Center
Lubbock, Texas
- July 1986/June 1987: Medical Director of Ophthalmology Clinic and
Director of Residency Training at Eye, Ear, Nose and Throat
Hospital
New Orleans, Louisiana
- July 1984/June 1985: Director of Tulane Ophthalmology Clinic and Surgery
Charity Hospital of New Orleans
New Orleans, Louisiana
- July 1984/August 1990: Director of Pathology Laboratories
Eye, Ear, Nose and Throat Hospital
New Orleans, Louisiana
- July 1982/May 1985: Associate Clinical Professor of Pathology
- January 1981/June 1982: Clinical Associate Professor of Pathology
Tulane University School of Medicine New Orleans,
Louisiana
- July 1980/June 1982:** **Ophthalmology Residency,**
July 1983/June 1984: Tulane University, School of Medicine,
New Orleans, Louisiana
- June 1978/June 1980: Associate Professor of Pathology
Emory University
Department of Pathology and Laboratory Medicine
Atlanta, Georgia
- July 1974/June 1978: Assistant Professor of Pathology
Emory University
Department of Pathology and Laboratory Medicine
Atlanta, Georgia
- July 1973/June 1974: Instructor in Neuropathology
Cleveland Metropolitan Hospital and
Case Western Reserve University
School of Medicine Cleveland, Ohio

CURRICULUM VITAE
Zeynel A. Karcioglu, MD

July 1970/June 1973:	Pathology Residency Emory University School of Medicine Atlanta, Georgia
August 1969/June 1970:	Research Associate, Hypothermia in Cancer Emory University Department of Physiology Atlanta, Georgia
July 1962 - July 1969:	Medical Degree (M.D) Hacettepe University Faculty of Medicine Ankara, Turkey
 <u>SPECIALTY CERTIFICATION:</u>	
Diplomate of American Board of Ophthalmology (1991)	
Diplomate of American Board of Pathology (1974)	
Eligible for American Board of Neuropathology	
 <u>SUBSPECIALTY TRAINING:</u>	
Sept 1986/August 1987	Ophthalmic Oncology and Orbital Disease Tulane University School of Medicine, New Orleans, LA
July 1973/June 1974	Neuropathology / Neurology CMGH & Case Western Reserve University, Cleveland, OH
April 1973/June 1973	Neuroanatomy Emory University School of Medicine Atlanta, GA

ACADEMIC AWARDS & HONORS:

Nov 2008:	Senior Ophthalmologist, AAO
June 2001:	"Faculty Teaching Award" by Tulane Ophthalmology Residents
February 2001:	American College of Eye Surgeons Mentor Award
June 1999:	Honor Award by Tulane Residents for "Outstanding Lectures In Ophthalmology"
December 1998:	Member, The Society of Eminent Scholars, Louisiana
December 1998:	State Recognition for Exceptional and Laudatory Contributions to Louisiana Higher Education
October 1995:	Honor Award of American Academy of Ophthalmology
June 1995:	George M Haik Sr. / St. Giles Foundation Endowed Chair for Ophthalmic Oncology
June 1993:	"Outstanding Ophthalmologist & Teacher Award 1993" by Tulane Ophthalmology Residents
November 1991:	Fellow of American Academy of Ophthalmology
July 1985:	Tenure at Tulane University School of Medicine New Orleans, Louisiana
February 1985:	Fellow of American College of Pathologists (F.A.C.Path.)
April 1981:	Docent in Pathology - Hacettepe University Faculty of Medicine, Ankara, Turkey
June 1978:	Tenure at Emory University Medical School, Atlanta, Georgia
June 1974:	Research Day Award, CGMH, Cleveland, Ohio

MEDICAL LICENSE:

FLEX - December 1973
Ohio- Institutional Lic June 1973-July 1974
Washington, D.C. - Lic. #6924, March 1, 1974- inactive

CURRICULUM VITAE
Zeynel A. Karcioglu, MD

Georgia - Lic. #16621, December 5, 1974-inactive
Louisiana - Lic. #511OR, June 13, 1980-active
Tennessee- MD0000040953, June 30, 2006-inactive
Virginia- 0101248581 Oct 21, 2010-active

HOSPITAL PRIVILEGE:

Hospital and Surgical Privileges in Charlottesville, VA (active)

University of Virginia Hospitals

Hospital and Surgical Privileges in Memphis TN. (2006-2009)

Hamilton Eye Institute (HEI) University Tennessee Health Center
HEI Surgical Center
Methodist Hospital
Baptist Hospital
St Jude's Children's Research Hospital
St Francis Hospital
The MED, Memphis, TN

Hospital and Surgical Privileges in New Orleans, LA. (1984-2006))

Tulane University Hospitals (1980-2006)
Charity Hospital of New Orleans (1980-2006)
Eye Ear Nose Throat Hospital of New Orleans
University Hospital of Louisiana (Formerly Hotel Di
Veterans Hospital of New Orleans (until 2002)

AD HOC EDITOR for:

Karcioglu ZA: Participant, American Academy of Ophthalmology, Orlando, Florida, 2011

Appendix I - SURGICAL INTERESTS:

I TUMOR RELATED SURGERY

1. Eyelids

- a. Removal of eyelid tumor including basal cell, squamous cell, sebaceous gland tumor, etc.
- b. Reconstruction of eyelids after tumor surgery.

2. Ocular Surface

- a. Excision of conjunctival tumors including epithelial tumors, melanoma, lymphoma, etc.
- b. Excision of limbal tumors.
- c. Cryotherapy of conjunctival tumors.

3. Globe

- a. Iridocyclectomy for iris and ciliary body tumors.
- b. Biopsy and excision of iris tumors.
- c. Fine needle aspiration biopsy of intraocular tumors.
- d. Radioactive plaque insertion and removal for choroidal melanoma and retinoblastoma.
- e. Examination under anesthesia for (EUA) for retinoblastoma.
- f. Enucleation for retinoblastoma and choroidal melanoma.

4. Orbit

- a. Needle biopsy of orbital tumors with or without ultrasound/CT guidance.
- b. Medial, lateral, superior and inferior orbitotomy for orbital tumor biopsy and/or removal.
- c. Exenteration for basal cell carcinoma, melanoma, etc.

Appendix I - SURGICAL INTERESTS: (Cont'd.)

- d. Reconstruction of orbit with muscle and skin grafting.

II EYELID PLASTIC AND RECONSTRUCTIVE SURGERY

- a. Ptosis repair
- b. Repair of traumatic eyelid defects for dog bites, lacerations, burns, etc
- c. Entropion and ectropion repairs
- d. Blepharoplasty/ brow lift
- e. Cryotherapy of eyelid lesions

III ORBIT SURGERY (OTHER THAN TUMOR)

- a. Repair of orbital bone fractures
- b. Removal of orbital foreign bodies
- c. Drainage of orbital abscess and heme cysts
- d. Decompression of orbital walls for Graves' disease
- e. Fenestration of the optic nerve sheath for pseudotumor cerebrii

IV LACRIMAL DRAINAGE SYSTEM SURGERY

- a. Irrigation and probing
- b. Dacryocystorhinostomy with or without Jones tube insertion

V LASER PROCEDURES

- a. Argon and YAG peripheral iridotomy
- b. Argon trabeculoplasty

Appendix I - SURGICAL INTERESTS: (Cont'd.)

- c. YAG capsulotomy
- d. Panretinal photocoagulation for diabetic retinopathy
- e. Transpupillary Thermo Therapy

VI TRAUMA RELATED SURGICAL PROCEDURES

- a. Enucleation for blind painful eyes, sympathetic ophthalmia, penetrating eye injury
- b. Evisceration for endophthalmitis
- c. Repair of ocular lacerations
- d. Evacuation of hyphema

VII EYE MUSCLE SURGERY

- a. Strabismus - exotropia, esotropia
- b. Detachment and reinsertion of extraocular muscles during brachytherapy for intraocular tumors

III MISCELLANEOUS SURGICAL PROCEDURES

- a. Minor surgical procedures, chalazion, pterygium, etc
- b. Temporal artery biopsy

Appendix II - RESEARCH INTERESTS:

RESEARCH ACTIVITY and GRANT SUPPORT (SUMMARY SINCE 1969):

1969-1970	The role of hyperthermia in cancer chemotherapy. Emory University,
1972-1973	Ultrastructural aspects of light damage on photoreceptor cells. Emory University, Department of Anatomy (Neuroanatomy).
1973-1974	Ultrastructural aspects of Creutzfeldt-Jakob disease in monkeys. Cleveland Metropolitan General Hospital, Department of Neuropathology.
1973-1974	Clinicopathological aspects of kernicterus in premature infants. Cleveland Metropolitan General Hospital, Department of Neuropathology Research Day Award, 1974).
1975-1980	Trace elements in biological material. Emory, Department of Pathology.
1978-1979	Research for the publication of the book "ZINC AND COPPER IN MEDICINE." Supported by Charles C. Thomas Publishing Co.
1980-Present	Zinc and copper metabolism, and toxic beneficial effects of these elements in the eye. Tulane University
1984-Present	Research related to different clinical aspects of ocular oncology, and orbital diseases including COMS. Supported in part by American Cancer Institute Inc., Research to Prevent Blindness and Nonrestricted funding by St. Giles Foundation, New York.
1989-1992	Nonrestricted Grants in Research/Education in Ophthalmic Oncology & Ophthalmology. Supported by Extramural Funding.
1993-1998	KKESH Research projects Support from King Abdulaziz City of Science and Technology in Riyadh, KSA for Retinoblastoma Research.
1995-2006	State of Louisiana Regents Chair in Ocular Oncology.
1998 –2006	Projects related to medical education for students and ophthalmology residents. Supported by Tulane University Office of Educational Research and Services. (TIME Grants)
1999-2006	Nonrestricted Grant in Research/Education in Ophthalmic Oncology; Supported by Extramural Funding. (StGiles Foundation of New York, NY)

Appendix II - RESEARCH INTERESTS: (Cont'd.)

2000-2002 Bioenvironmental research related to Baku-Ceyhan Petroleum Pipeline. Jointly done Tulane University/Hacettepe University in Ankara, Turkey.

2006-2009 UT IRB approved clinical trial: Eye pathogen detection study: comparison of a bio-sensor system to conventional diagnostic techniques.

2006-present Fine Needle Aspiration Biopsy in Ocular and Orbital Tumors

2007-2008 Ocular Melanoma Treatment Experiment: Testing the effects of a novel anti-cancer compound developed at HEI using a melanoma cell line with luciferase reporter gene, in the eye of P1Sprague Dawley rat pups.

The following CLINICAL RESEARCH STUDIES are were conducted at the **General Clinical Research Center (GCRC)** in New Orleans, LA. These studies were approved and funded by the National Institute of Health under the auspices of the GCRC:

1. FUNGAL FLORA OF THE CONJUNCTIVAL SAC IN HIV POSITIVE PATIENTS - Protocol #91-0080
2. OCULAR METASTATIC CARCINOMA STUDY - Protocol #92-0031
3. OCULAR TOXICITY IN TAMOXIFEN TREATMENT - Protocol #92-0048
4. CORRELATION BETWEEN GLOMERULAR AND RETINAL CAPELLARY DYSFUNCTION IN HIV POSITIVE INDIVIDUALS AND DIABETICS WITH AND WITHOUT THE EFFECT OF CONVERTING ENZYME INHIBITORS (CEI) - Protocol #92 0046
5. A DOUBLE BLIND, PLACEBO CONTROLLED STUDY OF ZINC GLUCONATE TREATMENT IN RETINITIS PIGMENTOSA (RP) PATIENTS -Protocol #92-0000
6. METHYL-METHACRYLATE/GORE-TEX (R) ORBITAL IMPLANT - A NEW DESIGN - Protocol #93-0023

Appendix II - RESEARCH INTERESTS: (Cont'd.)

The following research and publication activities were done at King Khaled Eye Specialist Hospital (KKESH) in Riyadh, Saudi Arabia during sabbatical leave.

1. Prognostic significance of angiogenesis in retinoblastoma.
2. Retinoblastoma in twins.
3. KKESH experience in brachytherapy for retinoblastoma.
4. External beam radiation therapy (EBRT) in retinoblastoma
5. Retinoblastoma presenting as phthisis bulbi.
6. Cell cycle control in retinoblastoma
7. Detection of optic nerve invasion in retinoblastoma with enhanced CT.
8. Application of polymerase chain reaction (PCR) for the detection of the retinoblastoma gene alterations in high-risk subjects.
9. Human papillomavirus type 16 and type 18 in oral and conjunctival mucosa.
10. HPV/p53 studies in squamous cell carcinoma of conjunctiva.
11. Mapping of the genes for macular corneal dystrophy
12. Azithromycin levels in tears, conjunctiva and serum in trachoma patients.
13. Light and Electron Microscopic Features in Waardenburg's Syndrome
