THE UNION-IT MUST'BE CREEREVED. SATUEDAY MORNING, APRIL 12, 184.

FOR GOVERNOR: J. B. DAWSON. SECOND SENATORIAL DISTRICT. B. MARIGNY.

The popular fury which we briefly adverted to in our paper of vesterday, as consequent upon the discovery of the barbarous and fiondish atrocities sommitted by the svomen La surrieupon the person of her slaves, continued unabated the whole of the evening before last and part of yesterday morning. It was found necessary for the purpose of remoring order, for the sheriff and his officers to repair to the place of list and to interpose the authority of the state, which we are pleased to notice proved effectual, without the occurrence of any of those acts of violence which are common upon similar occasions. We regret, however, to state that previously, some indignities had been shown to Judge an mge, who ventured to exposiulate with the assailant upon the propriety of ceasing their operations, and that daring the same, deadly weepons were in the hands of many persons, a resort to which at one time was seriously aporied. Nothing of the kind harpily, however, tran-

rendering them of no possible value whatever.

This is the first act of the kind that our populace have ever engaged in; and although the provocation pleads much in favor of the excesses committed, yet we dread the precedent. To say the least of it, it may be excused; but can't be justified. Summary phnishments the results of popular excitement in a government of laws, can never admit of justifica tion, let the circumstances be ever so aggravating.

The whole of yesterday and the preceding day, the po lice jail was crowded by persons pressing forward to witness the unfortunate wretches who had escaped cruelties the would compare with those of a Domitien, a Norg or t Call, wist. Four thousand persons at least, it is computed, have already visited these victims to convince themselves of the roufletings.

Thor, March 28. M.—A fire broke out at 2 o'clock last night, in the rear of Colliers hat store, on the west side of River street, just above the ship yard. Several buildings on River street, occupied by small dealers, were destroyed, and a large wooden building on Mechanic street, belonging to the foundery of Starbuck 4 Son, used as a pattern house, with severalismall buildings south of it, of little value. The wind was high but the hydrants furn shed in abundance of water, and saved us from, what at one time, was a very threatening configuation. The property was not of great value.
