New York Brewer Takes Two Sons With Him.

Falls in Attempt to Keep his Bank Ac-count From Disappearing — Leaves Youngest to Be Comfort for His Mate.

Comfort for His Mats.

Ney York—Broken at last by his
long hattle with ill health, Jacob Haas,
some old, committed acticide with
fig and took with him two of his
three little sons—John, 7, and Law
rone, 6. He laft his youngest born,
Joe, 4, knowing his, young wife, Anmon, 11, could keep him and would find
comfort in him.

By working a double shift, from 5
a. m. until midnight, eighteen hours
of work with an interval of an hour le
which to run home for food, Has
sirrigied with he was well
be little family hand account from
disappearing.

stragged while family bank account from disappearing. When only 150 was loft, despite his smore, he decided there was one way, left by which he could halp his wife, and he delibertanly set shout planning the triple tragedy and the saving of the balls.

ier, by which he could help his wife, and he delibertary) sat about planning the triple tragedy and the saving of the baby.

Haas worked at a bottling plant in Brewert Town' and titted in three, have no save a series of the saving of the baby.

Hass worked at a bottling plant in Brewert Town' and titted in three, have no save at 1810 Second a very constant as his offered as the save before one and as his before the two bottle broth three the same and after a long illness timas was left a work of his former self.

In spite of his weekened condition Hass took on the double shift, and his wife belped out in the time when he was too ill to go to work by making browers' apross on a median hat his electron to the save he to the save to the save he had been and the save to the save he had been to the save he had drawn to save his wife trouble as the account year in his time.

MASTE IN MINING OF COAL

#### WASTE IN MINING OF COAL

Government Expert Bays 250,000,000
Tons Were Lost Last Year
Through Leose Methods.

Tone Were Lear veer Through Leas Mathods.

Washington—Dr. Joseph A. Holmes, director of the Builed States bursau of mines, makes the statement in a builetin that during the last year one-half as much coal has been wasted or rendered unfil for use as has been mined and put on the market. In vitwo of this be thinks it is time that more vigorous singers should be made to reduce this contonus waste not only in coal but in mineral sent or really. This is the purpose or really, this is the purpose of the real to the purpose of the burletin by Charles L. Paryons, entitled "Notes on Mineral Waste." In his preface to the bulletin Dr. Holmes any that during the last year in producing 500,000,000 tens of coal there was that during the last year in producing too condition that it probably will not be recovered in the future 50,000,000 tens of coal.

#### WOMAN LIVES AS HERMIT

Friend Finds Her Alone in California Canyon—Lives Lönely Life For Beven Years.

Santa Monica, Cal.—For seven years Miss Alima Pillinore, a young woman of Cincinnait, has been living the life of a recluse in Topomyo canyo, eight miles north of this city. When a friend recognized her while on a trip to the canyon recently and urged her to raturn home she returned. Highly property of the continuation of the return to the property of the continuation of the property of the country of the continuation of t

# DYING GIRL CURED

Recovers After 37 Doctors Had Given Her Up.

berculosis-Diabetes Patient Bees Light and Hears Volce Say: "Dor-othy, Your Sufferings Are Over. Arise. You Can Walk.

Arise. You Can Walk.

London.—Saved by an angel who
met hor, at the gates of death and
bade her turn back to mortal, life,
Mas Dorolby Kerin, who has been a
hedridden invalid from tuberculouis
and diabetes, in today running about
her home, 204 Milkwood road, as
hough abo had nover been lift a day,
in her life.

Miss Kerin, who is a beautiful airl
twenty-two years old, had been given
up to 3do by 37 dectors. Saterday
they sanooneed that she would die bere midnight. Sinday isorning she
audenly opened her eyes. Her mother
best over her.

"Dolly do you know me?" she
saked.

er bent over her.

"Dolly, do you know me," she
saked.

"Of course I do mamma," repiled
the girl, "I am to get up. The aixel
told me to. An angel from heaven
met me at the gates of death and
brought me heak."

And the girl did get un, seemlarly
under a mystorious indisease, and in
downstairs. A safet of the rel on his
methods and the safet of the rel on his
the safet of the rel on his
has been remarkable than the
restoration of her physical heak; is
the effect of her inexplicable experience on her mind. She came forth
from her visit to the valley of the
shadow with a serene faith in an infinite power, a bellef in a spiritual law,
a clarity of mental view and an elequence of expression usually acquired
only after years of hard study.

Miss Berin has written an open letter in reply to the many nucries which
sha in received as to, her receiver
in this letter she safe;
"I was conscious yearfrady for the
first time in was allepted out of life."
I hard the whispers and sobs and
prayers of those who love me beat.
Everything grow black. I did not
over think; I just drifted without an
effort, without a thought, into deeper
blackness.

"Suddenly I saw a light—darning—
brighter than any fire I had aver seen."

effort, without a thought, Into deeper blackness.

"Suddenly I saw a light—daztling—brighter than any fire I had aver seen, Stretched from out the great golden fisme I saw two hands. Then I heard a sweet voice say clearly, 'Dorothy, your sufferings are over. Artion. Survey and walk. They have been supported by the same and the same supported by the same succession of religion as well as a science of religion as well as a science of reversible of the material universe. We live in the midst of wenderful lands. In my own case I realize that my long litess and quiotness prepared me to receive a message from the voice, which healths and success and ambition somethand

studily.
"I do not feel that the anchorite, the dreamer or any of the ultra-religionists are nearer God than any man today who accepts the truth, and who opens the windows of the soul! to the light of the spiritual

### 57 ARE POISONED BY FLIES

People In Attendance at Sunday School Treat Eat Meat Infected Through Insects.

Through Insects.

London.—Fifty-seven people have been poisned by files at Thorsizon, a rilliage near St. Anstell.

One hundred and sixty people attended a Sunday school treat, of whom fifty-seven were taken ill, some outrously. The symptoms pointed to poisoning, and there was a suspicion that the lea had been poisoned by mallcolous persons.

Investigations by the medical ondeer of health showed that the outbreak was confined to those who had meat which was confined to home before. His bear, after inquiry and an anyles, was that the mean for the substantial of the substantial

#### FIANCEE'S SKULL AS CUP

Curlous Mathod of German Student to Keep His Dead Sweet-to heart in Mind.

Paris.—Drinking from a cup made from the skull of his fances is the way which a Garman student at Strasburg has adopted to keep the memory of her fresh. The fact at souched for by the Abbe Wetterle, a famois French-Alsatian priest, whose preoaganda against Germany has yon him several terms of imprisonment. He bought the grin relie from the student to add it to his "museum of German (willistuden" at Colman.

The girl died a year ago la the hopping the student to add it to his "museum of German (willistuden" at Colman.

The girl died a year ago la the hopping the student worked, so that the latter had liftle difficulty in removing the head in the dissection. The abbe was brought him, with rubles.

Far of Dentit Kills.

York, Pa.—The fear of pair caused by having a tooth extracted caused the seat of anna. Henry, the fifteen-year-old daughter of Mr. and Mrs. Ell Henry. The girl was roluctant to have it removed. As the gas was about to be given she collapsed and expired.

## STEPCHILDREN BEAT HIM UP

That is Plaint Made by BL Louis Man Beeking Divorce From His Milliant Wife.

Bit Louis-Altering that his Aire was iltrenteened with his own receiver in the hands of his steepen, that he was assaulted by his steedaughter and that, after being ordered to leave the house by his wife, Mrs. Nellio Malore, and he was new Malory, a building contractor, filed suit for divorce.

The petition further reads that when Mallory married in November of 1911, Mrs. Mallery, was a widow with two grown children. According to Mallory, he was leaven ungestheldered in the married of the married his wife, encouraged his wife, and the his problem his contract of his province his department of his province his steeper to the house and ordered him to leave. When he second husband wround the house and ordered him to leave. When he steeper his house his highest him he had he was her second husband wround the house and ordered him to leave. When he steeper his house him had her him he had he wife, Mallery would not led him do.

He there called a polleurance, He further him her had her wife, Mallery gave the word. They sequented it June of 1912. Bt Louis - Alleging , that his life as threatened with his own revolver
