L. DAUNOY, Mall. aug 23. NOTICE—Having seen, in last week's papers, in the account of the disasters which have befallen Mr. Guillaume's establishment, my name added to his, and this making it appear that I was a partner in the undertaking: I have the honor of informing the Company as well as the public, that we were engaged, my wife and myself, not as partners; -for the partnership being proposed for the beginning of next spring only, we could not reasonably accept the offer; - but we were engaged, for a salary, to assist him in neeting the wishes of the company, by putting the establishment in active operation. ternal expenses of the house, until this day, have been incurred by Mr. Guillaume. The public, therefore, stands informed, that the losses, which Mr. Guillaume has sustained in his establishment, not allowing him to employ as many persons as formerly, we have been included in the reform, especially as he has been offered the services of his brother and sister in law, Mr. and Mrs. François, gratuitously to discharge the same duties, through the mere pleasure of being useful. Those persons, therefore, who have believed in such a partnership, will ple-se to take notice that we have nothing to do with the establishment. Claiming the privilege of public patronage, when we shall have opened an establishment, set up with scrupulous care, and worthy of their encouragement, the undersigned
