# THE KHEDIVE AT HOME. Under at Engal In a Man of Advance Ideas and in Cultiful to the Korns.

the Koron.

The visit to Great Britain of Albas parts, kiedive of Egypt, inspired a good deal of literature about him and his inter-staing country, naturally, since England has a larger stake in Egypt Jan has any other-nation. According to one book, "Catro and the Khedive," by Mr. G. M. Penu, this culer, who was lourn in 1874 and came to ins' throne in 1882, is an open-minded man of high culture, and intelligence, says Youth's Cobbandon.

enflure and interiogence. See characteristics and interior to each converse in English with the British of a Intel States ministers, and in French with the representative of that copulds, and he is as much at home to German as in the language, solone by the representative of the Ottoman empire, or in that most difficult of around I languages. Arabit, in which he is frequently obtained in the ottoman empire, or in that most difficult of around I languages. Arabit, in which he is frequently obtained to always in the ottoman empire, or in that most difficult of around 1 farities. The kind of the ottoman empire, or in that most difficult of the ottoman empire, or in that most difficult of the ottoman empire, or in that most difficult of the ottoman empire, and the ottoman empire, and the ottoman empire of his life, and the orientation of ease. Insury and display most life appreciant mis had the orientation of the ottoman empire of his life, and the orientation of the ottoman empire of the ottoman empire of the ottoman empire of the ottoman empire of the profits and profits of the profits of the ottoman empire of the profits of the ottoman empire of acting an example to the youth among his people—and this in a land where everyloody smokes eigarcties from moraling till night.

Like many other men who "shou deflicts, and live labortions days," Albita-Parka finds time for a variety, a Marka-Parka finds time for a variety, and a soldier, he practical minute of the ottoman Moranac and variety and the enume and direct the fields.

By way of pastime the the healty with mount the currier and direct the fields.

By way of pastime the thehelits with mount the currier and direct the fields.

It would be too much to expect that healty and from the correspondent of his health of the presentation of his palace are further where the fields of the presentation of his palace
