COTTON-The market opened this morning with a moderage inquiry, but at a later hour, in consequence of the receipt of favorable news from Liverpoot, the demand became acceedingly animated, and, although factors were not as free sellers as yeaterday, the sales at the close summed up 4100. Twelve brokers participated in the business, which was understood to be mostly on foreign account. In the early part of the day prices were rattended with some irregularity, but after the demand was developed, figures were paid which indicated more firmness, the balk of the business, however, having been transacted at rates approximating the following quotations: Ordinary, 24 to 26c. (Good Ordinary, 28 to 30c. Low Middling, 22 to 30c, and Middling, nominal, at 24 to 36c, seems patice however contending that Strict Good Ordinary would not command over 28c, while others had 17 less than 34c.
