HENRY JOHNSON

FOR GOVERNOR.

W. IVES HAYWOOD

FOR LIEUTENANT GOVERNOR.

SUBJECT TO THE WILL OF THE WHIG STATE CONVENTION.

We recognise Henry A. Wise as our proper choice for the Presidency, but if he declines to be either a whig, or a Tyler man, or any thing in the mean but deep contempt and with principles that neither he nor anyone connected with him can support, we shall not hesitate to declare for another candidate. He will show the Harrison bids us up to the mark, and keep it up. Speculation to every whig mechanic, and to every whig man who has a family to support, is calculated to delight his heart. Let the whigs of the Union rally to the support of Henry Clay, and they will be sure to succeed. Let them not be deceived by the cry of "Tyler too," for Tyler is not a whig, and has no claim upon the whig party. Let them not be deceived by the cry of "Tyler too," for Tyler is not a whig, and has no claim upon the whig party. Let them not be deceived by the cry of "Tyler too," for Tyler is not a whig, and has no claim upon the whig party.

COMMERCIAL.

NEW ORLEANS, FRIDAY EVENING, JULY 16, 1841.

We recognise nothing new to-day in the cotton market, which is in the same degree connected with principles of the whig party, or any thing in the Harrison bill, which will be beneficial to the whig cause. The whigs of the Union must look to the measures of the next Congress, and not to the past, for their hopes of success. The whig party must stand upon its principles, and not upon the men who have been elected to office by the whig party. The whig party must stand upon its principles, and not upon the men who have been elected to office by the whig party.
