***"Smart classrooms are built to give students an edge when learning."***

### **Our School's Goals:**

- To express students' creativity using art and play material freely, constructively, and creatively
- To learn to be independent - to solve their own problems and do things for themselves.
- To enjoy the preschool experience, which will simplify adjustments in elementary school and social situations.
- To learn limits of behaviour regarding safety, health, and respect for the rights of others in a health, safe, and nurturing environment.
- To extend and enrich their understanding of the world and other cultures
