COUGH REMEDY. Pectoral Paste of Beguchesin Drug Store at Paris.—Of all the remedies now known for the cure of coughs, none has ever obtained so much celebrity as the Pectoral Paste, of Seal liver. The happy results of its use in the most inveterate affections of the lungs and consumption, have rendered it invaluable.

This paste has the power of calming irritations of the lungs, and consequently, of relieving the oppressions and coughs. It is one of the best remedies against colds, catarrhs, &c., which yield immediately to its effects. Physicians of the first standing in Paris have tested its efficacy in many cases, and have recommended its use in all lung affections, and as a cure of consumption as the best remedy now known.
