These boats are all of the largest class, and have accommodations for passengers equal to any boats in the world.
m7-tf

HOWARD'S HOTEL, (Broadway, corner of Maiden Lane, New York.)—This Hotel is one of the most commodious in the Union, having a front upon Broadway of over 100 feet, and upon Maiden Lane 60 feet, with two large wings, extending back 200 feet, and 5 stories high, exclusive of basement, and under cellars, and containing over 300 bed chambers, each well lighted and ventilated with grates, besides numerous parlors with sleeping rooms attached, and public parlors, dining, reading and other rooms. There are two elegant dining saloons, the largest of which, 150 feet in length, is in the first and second stories, together with the reading and other public rooms, are paved with Italian marble. There is also an extensive and pleasant room for bathing; a bowling alley, fitted up for a Ladies' ordinary, and the ladies are provided with attractive public parlors, and a private entrance to the Hotel from Maiden Lane.

The subscriber having for nine years past received a liberal patronage from merchants, and principally from gentlemen of business at his former Hotel in Broad street, is satisfied from experience that he has only to make his house accessible; therefore, he has had his house so constructed as to be able to serve meals to such at early hours. The doors are opened at half past 5 o'clock, and the gentleman's dining room upon 1st floor, Breakfast at 7, or half past 7, with reference to the season of the year. Dinner is some at 1 o'clock, the ladies' dining room, upon 2d story, and also in Ladies' ordinary, Breakfast from 8 to 10 o'clock, and Dinner at half past 3. Printed bills of fare are daily got up for the different tables. It is optional with Gentlemen to open to take their meals in either of the Gentlemen's dining rooms, without giving any notice of their choice, the subscriber hopes the extra trouble and expense in the attempt to suit their convenience will be duly appreciated, and by a generous public, and that a commensurate patronage will result therefrom.

This large establishment, with every convenience that the subscriber could devise, and is universally pronounced by visitors *to be the most replete in its internal arrangements*—its contiguity to the wharves for light and air being superior to any other house in the city.

In addition to the many advantages and comforts over most Hotels, in having a spring of pure soft water in the premises, which, apart from its intrinsic worth as a wholesome beverage, so unusual to be found in the lower parts of the city, adds very much to the safety of the establishment in case of fire or accident, by a powerful and effective force pump being attached to the well to force water therefrom, as well as from the various cisterns in the yard, to the upper stories of the house, from whence, by use of the hose, water can be forced over any part of the premises in an instant.

In short this establishment has been got up without reference to cost, and it is the intention of the subscriber to have it stand among the very best Hotels in the country.—He hopes to be favored with a share of public patronage.
D. D. HOWARD.
j6-6t

GLOBE HOTEL—The subscriber has recently added to it his establishment the house 64 Broadway, which he has fitted up and furnished appropriately, more particularly with reference to the accommodation of families and those desiring extra parlors attached to their sleeping rooms. A private entrance to No 64 is on Broadway, also a hall communicating the hotel.

The house will be conducted on the European plan, which has given so much satisfaction to all. The bathing apartments in the lower part of the house are in readiness for use from 7 o'clock, A. M. till 9 P. M.

The proprietor takes this opportunity of returning his most grateful acknowledgements to those who have so handsomely patronised him, from the first moment he was identified with the Globe, and pledges himself to endeavor by the most unremitting attention, to merit a continuance of their kindness.
F BLANCHARD.
New York, May 21st, 1840.
