OFFICE 83 CHARTRES ST.

M MA THE ! m said that Mr. Peters's a trong bid for the Presidential neginal

deprive the vanquished of the bit The consequence was that all parties

opinions is indubitable. That portion of his message has elective universal commendation alike from Democrata, Whigh Know Nothings and Prescuelers. See far, therefore, the impression that Mr. Prescu seek to strengthen himself with his party, and these seems of nundation. But, on the other hand the argument advanced by the President upon the Mebranks-Kansae bill, and the admirable and leard chrestitutional theory of slavery are of a nature to array against him, not only the freedom of the North, but that large and induced chrestitutions of the North, but that large and induced in the North, but that large and induced in the North, but that large and induced seems of the North, but that large and induced in the North but that large and induced in the North but that large and induced in the North but that large and large in the North but that large and large in the North but that large and induced in the North but that large and induced in the North but the Nort

Terr Mairs.—This chronic subject of com-laint appears to be absolutely incurable. fithin the last mouth the Northern mail as, we believe, arrived but once with dates tate as due. For the past fortnight it has een behind from one to five days. New ork dates of the 19th test, are due to-day, to go obtaining chem. We perceive that in C. The number of pensioners on the control of the mail irregularities to the mail irregularities to the number of the number of pensioners on the state of the Roads, but we anticipate to the state of the Roads of the Roads

Parting it retains h.a. office.
Yesterday the mail boat did not arrive from Mohie, so that we had no mail what ever.
Collisson's Classic Ceneral.—The first of the series of concerts of classic mustic sincurated by Professor G. Collisson will be given, this evening as Ligeaum Hall. The programme is a most ambiguite one. We notice among the compositions to be executed, M. cart's famous apparted not be secured.

Original applications and applications for famous and makes, Prof. in the scheros and modante, and finales, Prof. in the scheros and modante and finales, Prof. in the scheros and the scheros and finales and finales and finales and finales.
