well known as one of the fastest horses on the Turf,
and in a condition to run for a man's life, was backed
freely at 2 and 4 to 1 against the field. Alterf, a capital performer in Virginia, where \$10,000 was paid
for him, had lost ground since his arrival at the South,
from having run meeral races out of order. He had
lately arrived too, from Mobile, and suffered much
from avonum in a stemmy neasure scena the Lake, as from exposure in a starmy passage across the Lake, as also had Desizen. Indeed the public memerally med to regard the race when advertised as one likely to be "of me account," and consequently there was a finited attendance. Afterf and Denisea were both low in flesh—net up to the mark for a braiding though the mile was as slow as 2:16, the first part of it having been mene galloping exercise. Denizen ird off at a moderate pace with Afterf 2d, and Grey Medoc well up; Alterf's stride and Minnow's pull, however, soon caused Deaizen to change places with him, and Alterf led through the mile; John Ford all this time was pulling Grey Medoc double to keep him behind. All three entries went off from the score of a tip top pace, which soon declined, Doubsen leading, with Al-torf second and Grey Medoc laying up within two lengths. Towards the closs of the mile (run in 1:58,) Altorf locked Denizes and kept him moving along lively; half way down the back stretch, in the escend mile, Grey Medic improved the pace by closing with Altorf for a few hundred yards, for the gallant cheupion of Louisiana was determined to leave neither of his worthy competitors enough in hand for a brush up the last quarter stretch. The second mile was run in the fact quitter stretch.
