TERMS OF THE BEE.

Cre New-Grleans Daily Bee

No porson exauthorized to recept for the proprieties of the Burg, how Air. E. Duverger, our book keeper, and Mesers E. Marton Gork and Delancu Vein, our toillectors. MAONE & WEISSE, New Orleans, 3d April, 1843.

Notice.

Not Since the inauguration of President Taylor is selfsh and interested motives of the Loco-

is so very compressione, so imminery at discoursed in the enjoyment of the white at fail from the table of the White would be readily condensed into the essence compass, and would crase to

grasped coverously while he exponents

The Cabinet.—The Washington correspondent of the Charleston Courier sas: "A greation and the country who came out of the Charleston Courier sas: "A greation and the country who came out of the Charleston Courier sas: "A greation and the country who came out of the Charleston Courier sas: "A greation and the country who came out of the Charleston Courier sas: "A greation and the country who came out of the Charleston Courier sas: "A greatine that on Satorday evening next, an extra prior ment of the foot produces a corresponding act the Association, for the benefit of the Treasury. London Assurance and a favorite farce constitute the evening's entertainments. None but members and invited guests will be admitted. Contributions in a sid of the resources of the has yet to any department, if his health had allowed him to take any. Then, as to the Tanger of the catterne left, as they say in France. He was the extreme left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as they say in France. He was given by the catterne left, as t

coalesce, as they will do, on the free soit question, and are terminated and the second of the category of rising produce markets—the c

they, through their organ, descend to move a versage crops in time country; they of imploring Executive grace and disinterested souls, bonest and disinterested souls, content wanta. Whig. President, if and written by the able London correspondent of

ton growing State, and the other from a State whose chief snaples are granue and codfish, understand by other bases. dertook, by elaborate reports, to prove to the people of the middle and western States that they might look with sentire safety to Great policy."

Britain as a market for all the surplus aggricultural products they could raise—that a free would result in the immediate and rapid appreciation of our farms, in the enhancement of our farmers' profits, and in the enhancement of our farmers' profits, and in the enhancement and support of our commercial flarine. Well, Mr. Walker was allowed to rake some progress in breaking up our fibre handled the capital, and came very hear cutting a hot consequent, and corresponding description.

trainer was knowed to make some progress in breaking up our ibine manufacturers and the consequent and corresponding desiruction of

side of the water. The plan of the Cer-saire is, that work BY THE PIECE shall be substituted in the National Assembly for work av THE DAY! Let the representatives, he says, have so much a law, and say no more about it.
It is true, he continues, that piece work is the natters are going on now, contends the wag of

SWORD FOR GEN. TAYLOR.—The Messers.

Ames manufactured, by order of the Virginia

Legislature, a magnificent aword, to be presented to Gen. Taylor. It is said to be the richest and most elaborately finished production of the kind yet brought out by that eminent compruence and animy won for him so high a re-tiown in the first campaign of the Mexican war. The hilt of the sword is of soili gold, richly chased; the scabbard is of silver, thickly plated with gold, and adorned with heavy gold mountcabbard has the following engraved inscrip-Resaca de la Palma, Monterey and Buena

Vista." Severe WEATHER. - The St. Francisville Chronicle of Saturday says that on the pre-ceding Tuesday a pretty severe frost fell, which has materially damaged the corn and cotton.

The fruit trees suffered, and we think it will nough, there is a great abundance of dust. Since writing the above we have had a de-lightful shower, which will do the crops a great

e 28th says. The river was on a stand last siding on the islands and on the bottoms of the

A POINTED THRUST -The Colur is very severe upon a certain class of editors in the following paragraph:

A Possessive A Possessive Service upon a certain class with the following paragraph:

"It is natural as well as profitable to some editors to indulge in these new apaper controversies. A man can in no other way extend the circle of bia acquaintance, who sees and fevils and dirty sheet is a low and blackguard quarrely with his covemporaries, can indulge his antiquial insuries, and at the sameatime enlarge, period venture, the circulation of his paper by such a policy,"

Loris, March 30.

Detirium Tremen.
