We are indebted to the Hon. J. E. Taupand for the report of the Commissioners of the Jackson Monument Association addressed to the Lagislature of Louisiana. It is a brief and well written document. The report states that in consequence of the failure of the Legislature to make the necessary appropriations, the prosecution of the work on the Battle Ground Monument had to be suspended during the years 1856 and 1857. At the session of 1857 the General Assembly appropriated \$15,000 towards the erection of the prominent point of attraction to the visitor who reaches our shores from the Gulf of Mexico. And they add that the structure thus far fully justifies the selection of the de-sign made by them. WASHINGTON, Pebruary 5.—It is understoo-ere that the President is nervously anglou n reference to the action of Congress from his time on to the close of the session. New York, February 12.—The great India rubber case, Day vs. Casey and others, was concluded yesterday in the Circuit Court.

The plantiff's motion for an injunction was therefore denied.
