NEW BOOKS:

From Mr. E. Parkhill, Bookseller and Stationer, No. 40 Broad street, we have received three new books, entitled “The Iron Duke,” “The Iron Queen,” and “The Iron Chancellor,” by William Seton Jr. The author of these two works we have learned to regard as one of the best living historians, and his reputation in the country and subsequently in the New York critical papers, attests his appearance in the press of Macmillan, and his success in the sale of his books.

“The Iron Duke” is a work of unusual interest and knowing this much, we are willing to take it up again. It has also the merit of being well written, and the author's name is well known.

“The Iron Queen” is a work of great interest, and in it appears certain historical facts which will be of value to the student of history.

“The Iron Chancellor” is a work of great interest, and in it appears certain historical facts which will be of value to the student of history.

Another communication from the Mayor relates to the Light Company, asking for a reduction of the rates of gas, and the same was granted.
