SALES OF COTTON YESTERDAY.

275 bales Louisiana.....184
20 do Mississippi.....192

REMARKS.

The City is beginning to assume a business like aspect, not from sales which are effected, for in that branch there is but little doing, it is from the arrivals of vessels from various places with full cargoes, consisting of the various description of articles for this market, and others to be forwarded in different directions through the country. Two ships have likewise arrived bound for the State of Mississippi, one for Vicksburg, the other for Port Gibson, both with full cargoes: this we believe is the first season that ships have loaded for the above places. We feel much gratified by having it in our power to state, that the city continues very healthy, as much so as any other in the Union, and the only complaint is the want of business which we hear of, is by the Dealers, in all other branches there is not much expected during the summer months. The levees becoming enlivened by the arrival of steamers and steam boats, we cannot expect many of the latter from the Ohio until there is a rise of water: from the last accounts there was but four feet on the Cumberland Bar and falling. The only article we know of which meets a ready sale is the new cotton, that is generally bought up on arrival.

By the brig Caroline from Havana, we have dates from that place to the 3d instant, from which we find that there had been an advance on Flour and Lard—the former quoted at $18 50@19 for Northern, $17 a 18 50 for New Orleans; Lard 20 a 22 cts for Northern, and 17 a 20 cents for New Orleans.

COTTON.—The new crop continues in good demand, of which about 1500 bales have been received, and a very small part remaining unsold. We have heard of no sales of old during the week. On Thursday, we received advices by the Mozart, from Havre, to the 25th July, which notices an advance of ½ a 3 centimes on American Cottons since our last accounts.

The transactions which have come to our knowledge comprise 874 bales, sold as follows:—80 bales Mississippi, at 19½; 85 at 20½; 150 at 19; 10 at 18½; 16 at 18¼; 65 Louisiana, at 19½; 75 at 19; 58 at 18¾; 66 at 18¼; 225 at 18½; and 26 Texas, at 16 1-4 cts. Arrived during the week, 1,160 bales; exported, 251—leaving the stock on hand, and on ship board, 5,117 bales. Total exports since Oct. 1, 1835, 483,120 bales; to same period last season, 533,384—leaving a deficiency of 50,264 bales less than the exports of last season.

TOBACCO.—The stock of good is becoming very much reduced, and there still remains but little demand for inferior. The particulars of but few sales have come to our knowledge; the sales, however, we understand, amount to from 800 to 1000 hhds. We do not alter our quotations, as those rates may readily be obtained for good Tobacco; some inferior has been sold for less, and we hear of one good parcel of Green River (133 hhds.) having been sold at 5, 6 and 7 cents. The exports have been 42,493 hhds.: to same time last season, 34,226—making an excess of 8,267 hhds. of exports over those of last year.

SUGAR.—This article of all descriptions, continues in but little demand, except for city consumption; and it is difficult to obtain our highest quotations, except for a very superior article.

MOLASSES.—The demand for this article is very limited; and we may make the same remarks in regard to it as for sugar.

FLOUR.—We find a decline in the price since our last weekly report, of about $1 per bbl; it is like many other articles, not in much demand, except for city consumption.

CORN.—There has been a great reduction in the price of this article within the last two weeks; we now quote it at 70 a 75 cts per bushel, and two weeks since, 95 a 100.

COFFEE.—Very little enquiry is made for this article, but what sales are effected are at our quotations.

RICE.—There is none good and merchantable in the city. Sales at auction for inferior have been at from $2 75 to $3 per 100 lb.

STOCKS.—Our quotations may be considered merely nominal, as we have heard of no transactions during the week; this may be attributed in a great measure, to a pressure which has been experienced for some time past in the money market.

FREIGHTS.—There are so few articles being exported, that our quotations are nominal. We do not hear of but one vessel loading for Liverpool, and none for any other port in Europe; we do not include one brig for Liverpool, and one ship for the north of Europe, both full—$5 per hhd for Tobacco, and 5/8 ct for Cotton is paid to Boston, but to New York it is taken at much lower rates

NEW YORK, Aug 31.

Cotton—The market has not varied materially since our last report. Holders generally are quite willing to meet the views of purchasers, and the decline previously noticed, fully confirmed—the sales from 29 to 30th inst. smooth to about 3000 bales—of which 900 were Alabama at 13 1-2 a 20 etc. 800 Tennessee, and New Orleans 13 1-2 a 21, 200 Upland 13 1-4 a 19, and 300 Florida at 14 1-2 a 19 cts. Orleans 13 1-4 a 19, and 300 Florida at 14 1-2 a 19 cts. The import continues very small, and our stock, which is very moderate, continues to decrease.

	Bales
Total import since last inst.	6069
Export from 1st to 29th inst.	4627
Export from U. S. since 1st October last,	1,097,[illegible]
Same time last year,	967,[illegible]
Same time year before,	1,004,[illegible]
Stock in port	99[illegible]

Coffee—The stock has been replenished by further arrivals, but the demand since our last has been less extensive, although a steady price—the sales comprise 1000 in part Brazil at 11 a 11 1-2, 800 Cuba at 12 a 12 3-4, 4 a 500 Laguayra 12 1-4 a 13, the former for common, 250 Sumatra 11 1-4, and 90 white Java at 15 1-2.

Flour—The demand ceased in our last publication continued active until a further advance of 50 a 75c. per barrel on Flour was obtained. There were sales of common brands, Western Canal at $6 75, and fancy at $7; Ohio, do. Canal, $6 37 1-2 a $6 62 1-2, Georgetown at $6 25; 300 bbls Western sour, 6 65, and N. Orleans at 5 75 a 6. The transactions yesterday were very moderate, but holders remained firm.

Molasses—Supplies have been arriving more plentifully, and there is now considerable afloat; but at private sale there have been no transactions of importance. By auction yesterday, 150 hhds Cuba, common, sold at 35 a 36c. per gallon, 3 m.

Rice—Small sales at 64 a 64 25 per 100 lbs. for fair to good quality.

Spirits—Brandy is less active, and holders more anxious to realize; sales of 60 half and 50 qr pipes Bossom in lots from wharf, at 2 25; 5 half pipes Bossom from stores at 132 1-2; Pellitorisin, pipes and halves at 1 30 a 1 32 1-2; 25 halves Champagne, D D V 1 45; 12 do D U M. 1 50, and 40 do London 105; small sales Holland Gin, Steele brand 93 1-2 Anchor 1 03, and Lion 1 05 a 1 06, and bbls 49 on time; Whiskey in barrels is steady but not active, at 41 a 41 1-2c.

Sugars—A fair demand continues from the trade, but the inquiry has been chiefly for Muscovadoes, in which however the operations have been moderate, in consequence of few having landed: the sales embrace 240 bbls Porto Rico, mostly from store 10 1-2 a 11; 196 bbls. 10 bbls Cuba, Muscovado 9 3-4 a 10, 60 cases brown Bahia, 8c short price, 25 bags white Brazil 11 1-4, 5 a 500 hds brown Havana 10 a 10 1-2, including same prime at 10 5-8 a 10 3-4, a few common white Trinidad 13 1-4, 50 prime white Havana, 14 1-4, and by auction 5000 loaves refined 13 7-8 a 15 3-4c. per lb. 8 mos.

Exchange—There have been some sales of foreign bills for the packet of the 1st, without variation from rates.

NEW YORK, Aug. 31.

City Markets—Cotton—Although our last advices from Liverpool, inform us of an advance of 1-2d per lb. on American, prices here have declined from 3-4 to 1c per lb. The sales of the week have amounted to about 1000 bales—300 New Orleans prime 23c, 200 Georgia 19 a 19, 200 Uplands 18 a 18 3-4, and 300 Mobile 19 a 22c.

SAVANNAH, Sept 6.

New Cotton—The first load of Cotton of the new crop (ten bales) was received in this city on Friday last from the plantation of Mr. J. Theus, St. Luke's parish, Beaufort District, S. C. by Messrs. Patterson & Co, and stored.

Beautifully located so as to lie directly open to the salubrious and refreshing sea breezes from the South; protected from the North winds by an elegant forest of stately pines—having every convenience to enjoy that beautiful and pleasant recreation of sea bathing—in both houses and in the open surf, in water almost saturated with salt—with fine boats for excursions and fishing, and smooth roads for exercise, with a delightful band of music for those disposed to participate in the dance in a large ball room expressly provided for the purpose; besides a piazza in the drawing room, and other general advantages for comfort and enjoyment for those disposed for recreation from the toils of business, as well as the extraordinary, that it cannot be surpassed in the Southern country.

Fine oysters, crabs and almost every variety of fish are procured in the greatest abundance, and the subscriber assures the public, that no expense or pains shall be spared to have his table kept constantly supplied with any article of luxury or comfort, as well of choice wines and liquors, as of food, which the market of New Orleans and Mobile and the neighbouring country can afford.

His packet is very convenient for steam boats, 6 or 8 which pass it nearly every day.

A fine school is kept at the establishment where the various modern languages, as well as the rudiments of early education, are taught by a highly instructed teacher.

A Post Office has been lately established by the Department, and a regular mail received,—the subscriber being appointed Post Master; removing the great objection to insulated positions, where the letters are debarred from the want of such a convenience, from hearing from their respective homes, all which, he respectfully thinks entitle him to ask of the public that share of patronage they may find him to merit.

THOMAS SHORT.

Pascagoula, July 1836. [aug 3]

P. S. There can be no danger in passing through New Orleans to it at any season, and there are several boats leaving there for this place every day.

The Baltimore Courier, Vicksburg Register, Alexandria Gazette, Jackson (Miss.) Gazette, Mobile Register, Tuscaloosa Expositor, Montgomery Journal, Baton Rouge Gazette, and Woodville Gazette, will please publish the above weekly until the 15th September, and forward their accounts.

RECHES—At No 28 Barracks street between Conde and Levee streets, will find constantly, the best kind of Leeches, wholesale and retail, at a moderate price sept 16

SUMMER RETREAT—(East Pascagoula,)

THE property formerly occupied by Mr. Thomas Rhodes, at East Pascagoula, has been purchased from him and fitted up in the most extensive and commodious manner for a public house, and it is believed that nothing has been left undone to make it equal to any situation on the sea coast.

Beautifully located so as to lie directly open to the salubrious and refreshing sea breezes from the South; protected from the North winds by an elegant forest of stately pines—having every convenience to enjoy that beautiful and pleasant recreation of sea bathing—in both houses and in the open surf, in water almost saturated with salt—with fine boats for excursions and fishing, and smooth roads for exercise, with a delightful band of music for those disposed to participate in the dance in a large hall room expressly provided for the purpose; besides a piazza in the drawing room, and other general advantages for comfort and enjoyment for those disposed for recreation from the toils of business, as well as the extraordinary, that it cannot be surpassed in the Southern country.

Fine oysters, crabs and almost every variety of fish are procured in the greatest abundance, and the subscriber assures the public, that no expense or pains shall be spared to have his table kept constantly supplied with any article of luxury or comfort, as well of choice wines and liquors, as of food, which the market of New Orleans and Mobile and the neighbouring country can afford.

His packet is very convenient for steam boats, 6 or 8 which pass it nearly every day.

NEW-ORLEANS:
SATURDAY MORNING, SEPT. 17, 1836.

FOR PRESIDENT
M. VAN BUREN.
FOR VICE PRESIDENT
RICHARD M. JOHNSON.

"I prefer that not only you, but all the people of the United States shall now understand, that if the desire of that portion of them which is favorable to my elevation to the chief magistracy should be gratified, I must go into the presidential chair, the inflexible and uncompromising opponent of any attempt on the part of Congress to abolish slavery in the district of Columbia against the wishes of the slave holding states; and also with the firm determination equally decided to resist the slightest interference with the subject in the states where it exists."—*Martin Van Buren.*

ELECTORS OF THE PRESIDENT AND VICE-PRESIDENT OF THE U. S.

1st DISTRICT	J. B. PLAUCHE
2d DISTRICT	T. W. SCOTT
3d DISTRICT	T. LANDRY
4th DISTRICT	A. MOUTON
5th DISTRICT	P. E. BOSSIER.

Ere this we had expected to have given Mr. Van Buren's clear and explicit letter, in answer to the queries put by Mr. Williams, of Kentucky, but its great length, we fear, render it impossible for us to lay it before our readers, as we had wished. Mr. Van Buren has entered at length into all the topics on which his opinion was asked, giving his views in the most lucid manner. He declares himself against the new doctrine of raising money for distribution among the States—does not believe in the constitutionality and policy of a national bank, and in favor of the constitutional power of the Senate to pass the expunging resolution of Col. Benton.

Mr. Williams evidently addressed Mr. Van Buren with the hope of embarrassing him, and eliciting something from him that would serve as an electioneering club to knock down his bright prospects; but sadly has Mr. Williams been defeated: all is clear—all is sound—all is democratic—and every sentiment is equally adapted to every portion of the United States. The opinions are just such as we would expect from Mr. Van Buren, and in perfect accordance with the sentiments and views we have heard him express during his long and prosperous political career. How grating, too, have they been to the new firm of Harrison, White & Co.: they have been snarling at them from one end of the Union to the other, but dare not bite, knowing they would hit a file.

On the question of a National Bank, Mr. Van Buren declares himself in favor of the policy pursued by General Jackson, to discourage and restrain the excessive issue of paper money, and to introduce a metallic currency. He states that during his whole legislative course, he invariably voted against the increase of banks, except in one instance, and then from a motive which he acknowledges proved delusive—that he never permitted himself to own a single share of bank stock. On the subject of Mr. Benton's expunging resolution, he says he regards the passage as an act of justice to a faithful and greatly injured public servant, not only constitutional in itself, but imperiously demanded by a proper respect for the well known will of the people. How noble and manly, in comparison with the *balderdash* we extracted yesterday from the speech of the Whig leader of Louisiana.

The whole letter is open and explicit in the extreme: and must forever silence the Whig presses, who have so long and loud in reiterating their cry of *non-committal*. It is so clear that it leaves not a "loop to hang in doubt upon," and can but meet the wishes of the democratic party throughout the United States.

MISSOURI.—It is now ascertained that Boggs, the Van Buren candidate for Governor is elected over General ASHLEY, by 5 or 600 majority, and that HARRISON and MULLER, Van Buren candidates for Congress are also elected by very large majorities.

ILLINOIS.—This State has gone for VAN BUREN by a very decisive vote. Sydner, Casey, and May, all for Van Buren, are elected to Congress.

GOOD.—Samuel E. Sewall, Attorney at Law, of Boston, an individual who has made himself obnoxious to a portion of the community by his anti-slavery opinions, freely expressed, was cowskinned by a Mr. Geo. Adams, said to be a Southern gentleman.

The U. S. brig *Porpoise*, RAMAGE, Commandant, 15 days from Boston, anchored in Charleston harbor on the evening of the 7th inst, with the intention of surveying the port.

CHARLESTON, Sept. 7th.—The board [illegible] for the last twenty four hours, report cases of Cholera; 4 whites, eleven blacks—five dead, the others under treatment. Of the cases mentioned yesterday, three more have died.

According to a statement in the Washington Globe, the Appropriations under the head of civil and diplomatic expenses for 1837, amount to $38,517,297 17.

The Police system of London under Sir Robert Peel is the best in the world, and London one of the best governed cities under its regimen; and yet the police man has not a weapon in his hand. Politeness and address are the weapons with which he acts. If two persons are quarrelling, and a crowd is gathering, he steps up as an uninterested party, and calmly asks the judge, gentlemen, or sirs." Knowing all the regulations of the city, a word from him is law with the coachman, and a sign from him, a single motion of the finger, will keep in order a line of carriages a mile long. If a stranger seeks to find out a place or a citizen in an obscure part of the city, he either accompanies him or directs him with pleasure. Thus, the Police being made polite and useful, becomes popular too: Their moral strength is double that of their physical power.

The *Albany Evening Journal* appears to be quite out at the result of the election in Missouri. It sees, in the triumph of the democracy of the West, the prostration of all its hopes of preventing the election of Van Buren and Johnson by the people. It says:

The last accounts from Missouri render it probable that the office holders, land pirates and Indian robbers, have carried the state by a meagre majority of about 500. We must, it this proves true, deduct Missouri from our list of regenerated States.

Council of the Third Municipality.

Sitting of 14th September, 1836.

The council met according to adjournment.

The members present were, the recorder, Messrs Duvigneaud, Feraud, Lara, Percy, Kilshaw, Lesseps and Marigny.

The Journal of the last sitting was read, and on motion of Mr Feraud, the secretary was requested to correct an error therein; which was, that the council did not permit notwithstanding the mayor's veto on the resolution relative to enregistering the names of those persons who have lines, (alignements) to be drawn, or levellings to be done by the surveyor.

A message was read from the mayor, bearing this date.

The first article of the said message, returns to the council for further consideration, a resolution adopted at the last sitting, relative to the Tobacco inspection warehouses.

Mr Marigny asked for a second reading of the first article of said letter.

The council having taken into consideration the motives of the mayor's veto, and Mr Marigny having demonstrated the advantages which would accrue to the municipality in constructing the warehouses; the council persisted notwithstanding the mayor's veto, in a majority of six to one.

On motion of Mr Lessops, the rules being dispensed with.

Resolved, That the 3d municipality will name two members of the council, who will have access to the books, sit and vote at the meetings of the company of said Tobacco warehouses; moreover, that when the profits exceed 10 per cent, the third municipality is to be refunded of those sums advanced with an interest of 10 per cent, instead of six which has already being proposed.—It being moreover provided, that the capital of said company is not to exceed two hundred and fifty thousand dollars ($250,000,) and that the value of the ground on which the above establishments are to be erected, will be calculated and estimated on the purchase price of the properties purchased by Messrs Lessops and Orcete, by the said company. It is also provided, that surplus of ground not required by these establishments, will be sold, the products to be added to the capital for building the same.

Be it understood, that these resolutions form part of the resolution, which guarantees to the company the 10 per cent. per annum on the capital it will disburse. Moreover, that the wharfs will be made from Potenge street unto the lower limits of Lessops plantation.

The second part of the mayor's message, relates to a resolution passed at the last sitting, requesting the mayor to apply at the court for obtaining the nomination of assessors as required by law, to estimate the advantages and the damages of opening Morgan street, &c., this part of the message informed the council that the Parish Court was in recess but that as soon as in session the request would be made.

The third part of said message, informed the council, that if the mayor had not notified the persons inhabiting the streets between Levee and Piety and Independence streets, to remove the incumbrances thereon; it was on account that no report had been made to him relative thereto, by any police officer.

On motion of Mr Feraud, the secretary was requested to transmit unto the wharfinger a copy of this part of the mayor's letter.

The first article of the letter informs the council that no persons had presented themselves for the adjudication of the [illegible] which have been [illegible] by the said municipality.

The [illegible] council authorises the recorder to give for this year those three lots which have not been adjudicated, gratis.

A letter was read from Mr Petitpain, offering to sell to the municipality, a lot of ground situated in Lessops street.

On motion, the said letter was referred to a special committee composed of Messrs Kilshaw, Lara and Feraud.

The secretary read a letter from John Culbertson, tendering his resignation as attorney for the 3d municipality.

On motion of Mr Duvigneaud, the rules being dispensed with.

Resolved, That the resignation of Mr John Culbertson as attorney of the 3d municipality be accepted,—and that, that situation be and remain vacant.

The secretary gave notice of an account presented by Mr Lamothe amounting to $650.

On motion, referred to the Committee on Finances.

The recorder having called over the committees.

The Committee on Improvements presented the following report accompanied by a series of resolutions.

The committee on improvements to whom had been referred a letter from Mr Charles Carrel, offering to sell to this municipality the quantity of ground necessary for opening Moreau street, have the honor to report as follows:

1st The large establishments erecting in the municipality, the increasing commerce of this part of the city urgently demand the opening of that street nearest to the public road.

2d That between Moreau street and Washington market, Mr Carrol possesses a piece of ground measuring 18 feet 8 inches front on Louisa street, and extending between parallel lines unto Piety street, as it appears by a plan submitted to the council, that it is of the greatest importance to the municipality to conclude the acquisition of the ground offered; to that end the committee submit to you, the following resolutions.

Resolved. That the mayor is authorised, to purchase of Mr Charles Carrel in the name of, and as agent of the municipality, a lot of ground situated in Faubourg Clouet, adjoining the property of the Washington market, measuring sixty-two feet, nine inches and three lines front on Louisa street, and extending from said Louisa street, between parallel lines unto Piety street, for the sum of eighteen thousand dollars, payable, one-third cash, one-third at one years credit, and the remaining third at two years, for the said municipality to open Moreau street on the property above described—providing that the Washington market, be constructed on the front of said Moreau street, after the wing of said market fronting on Louisa street is built.

Resolved, That in the end of putting the above resolution into effect, the mayor is authorised to draw on the Treasurer for the sum of two thousand six hundred and sixty-six dollars and sixty-six cents and 6, and to sign in the name of the municipality two notes of $2666, 66, one payable one year and the other two years after date.

Resolved, That it will be the duty of the surveyor, immediately after the act of sale is passed, to have both sides of Moreau street, from Louisa unto Piety streets paved with curb stones and lake bricks.

The committee on pavements presented the following report, accompanied by a series of resolutions—viz:

The committee on pavements take the liberty of submitting to your consideration, that this municipality is entirely destitute of paving materials, and that consequently the many public works ordained for improving the roads must suffer by delay.—Therefore it is urgent that immediate measures be adopted so as to obtain the materials required, that those works be completed without delay.

The committee would here call the attention of the council, to the employing of flag stones for paving, as being less susceptible to be damaged by the heavy loads which pass thereon, the committee recommends the council to make an experimental trial of the same, on the same plan as that adopted with success in the western and other cities, the committee feel authorised in making such a recommendation in as much that the materials of this kind can be obtained in large quantities and at a moderate price from the banks of the Ohio.

Resolved, That the report of the committee on pavements be adopted, and that Messrs Peters and Millard be authorised to impose within the term of three months from this date, for the use of this municipality, paving materials hereafter described—viz:

10,000 ft of curb stones;	18 wide,	4 ft long	by 4 in. thick
10,000	20	4	4
10,000	24	4	4
10,000	12	3½ a 4	6
40,000			

The above stones to have a smooth surface and regular on the sides, and providing that the price does not exceed that contracted for by the other municipalities, with Messrs Peters and Millard, and that the terms of payment be equally advantageous.

It is further resolved, That John Kilshaw Esq. is authorised to ascertain at what price per ton can those stones said for paving in the West, be obtained and delivered to this municipality, and also to ascertain the price per running foot of granite curb and gutter stones delivered to this municipality in the following proportions—viz:

¼ cut stone,	4 feet long by 18 inces wide,	
¼	4	18
¼	4	20
¼	4	24

and gutter stones 12 inches wide, 6 inches thick and from 3½ to 4 feet long The curb stones to be 6 inches thick; have a smooth surface and level on the edges.

It is further resolved, that the secretary address an official copy of the above resolutions to the parties therein concerned

On motion of Mr A Lara, the rules being dispensed with.

Resolved, That whereas application has been made for the opening of Cassaclvo, Great-Men, Crapo, Love, and Bons Enfans street, unto Pologne street, and that there being no opposition made thereto.

Resolved, That the Mayor be authorised to apply to the first judicial district court, for the nomination of three capable persons to estimate the damages and advantages which may result in opening Cassaclvo, Great-Men, Crapo, Love and Bons Enfans street, unto Pologne street.

On motion of Mr. Percey, the rules being dispensed with.

Whereas the attorney of this municipality has resigned his office, and his resignation accepted.

Resolved, That the Mayor be requested to employ such measures to put in execution an ordinance passed on the 31st August last, relative to a distillery belonging to Mr Ramon Planas, established in the first district of this municipality, contrary to the existing ordinances.

It is further Resolved. That the Mayor is authorised to employ in this affair, an attorney if he deems it proper.

On motion of Mr Duvigneaud, the rules being dispensed with,

Resolved, That the Treasurer of this Municipality will pay unto Mr. Augustus Reynal on the Mayor's draft, the sum of Fifty Dollars, for the dam
