HENRY JOHNSON, ct to the decision of the White State Con TUESDAY MORNING, NOV. 17, 1840. THE RESULT.

FOR GOVERNOR

are in the spirit of thanksgiving than exulta It is more in the spirit of thankagiving than extention, that we announce the election of WILLIAM HENRY HARRISON to the presidency of the United States. Yesterday's mail brought certain intelligence of his having received 158 electoral votes (being 4 more than requisite to his election.) The one from other States will doubtless swell this ma the triumph more overwhelming, more imposing, but cannot alter the flat which has gone forth against the dynasty of Martin Van Busen. The people in the majesty of their will have pronounced judgment agains the man and his measures, and from their decision

there is no appeal.

We invoke not the earthquake voice of the volcano to proclaim there glad tidings; we appeal not to the to processing there gied itsings; we appear now to we cannon's roar, the thunder's muttering, or the light-ning's flush to announce this great consummation of popular sovereignty; we would rather return thanks to ALMORTY Gon, in whose hands are all issues, for a

INFERENCE AND FORTINATE INCIDENT.—The is in a woman living in Centre at et., who was born in a Calcutta of American parent. By the Prisident, the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London, informing her that the received a letter from London information to the community of the substitute of a new Orleans vessel. The incident which caused her good furture is worth relating. The captain of an American vessel, whileta Calcutta, about two years since, became acquainted with the old genileman alluded to, and it so happened that he (the captain) knew all about Mrs. Everett and her family from the fact that Everrett Liusedf was, for a long time, mate on board a vassel with him. The old genileman, in course of conversation ascertised this circumstance, and quoke very feelingly of Mrs. Everett, whom he reasembered as a beautiful chill, to whom he was strongly attacked, at the same time expressing a worm interest in her wolf-re. On the American captain's relating the particulars of this interior of the arrival of the letter first above mentioned. The full particulars of this little incident would make an interesting story from real line.—Tutter.

An Anechora of the letter first above mentioned. The full particulars of this little incident would make an interesting story from real line.—Tutter.

An Anechora of the letter first above mentioned. The full particulars of this little incident would make an interesting story from real line.—Tutter.

cente. The last sales of New Orleans by private contested, at \$7 to \$7 75 cents. The stock in market of this description is about 360 hogheads.

Tobacco—Shippers having mostly filled their orders, there is consequently less demand for Maryland. Parchaers will not buy except at reduced rates, and as holders are quite firm, there have been few transactions. I therefore centinue quotations, viz. inferiors of the description in about the property of the state of the description in the state of the state of the description is about the property of the state of th
